Annual Report

of the

Town of Walpole

Massachusetts

1978

1978 - The Year of the Blizzard

This year will be remembered for the worst blizzard to converge on Walpole in a hundred years. Monday morning, February 6, dawned cloudy and cold. Workers trekked off to work and children to school.

The snows began late in the morning and by noontime, when schools were dismissed, the storm had worsened, so that it was almost impossible to see your way in the "whiteout."

By late afternoon mighty, howling winds had whipped the snow into great drifts that brought all transportation to a standstill. Everywhere people were stranded in cars and Route 128 had become one giant parking lot as miles of automobiles and trucks became stalled and snowed in.

With the night came even greater disaster as the sea went wild, whipped by winds up to 100 miles an hour. Hundreds lost their homes and their possessions and had to be rescued by Army "ducks."

When the storm abated on Wednesday morning, it was apparent that snow and sea had wrecked havoc and a state of emergency was declared. The governor banned the use of cars except for emergency. Tremendous mounds of snow were everywhere. It took front-end loaders two days to clear the streets—in some places even longer. Mountains of snow were piled in Walpole Center. When we began to dig out and assess our losses, we realized our powerlessness against nature.

But, as we walked to the store to get needed supplies of bread and milk, and as we trudged on foot to church the next Sunday (use of cars still being banned) we found the opportunity to stop and chat with neighbors and friends whom we had only waved to in passing cars in recent years. It was a time for renewing acquaintances. Neighbors helped one another—shoveling, hauling groceries home on a sled, or sharing needed supplies. Out of tragedy had come the reminder that, indeed, this is Walpole—"the friendly town."

WALPOLE AT A GLANCE

Settled:	1659
Incorporated:	1724
Population:	18,077
Registered Voters:	9,861
Single Family Dwellings:	4,542
Area:	Approximately 20.09 Square Miles
Elevation:	200 Feet above sea level
Location:	19 Miles south of Boston, 26 Miles north of Providence on Routes 1, 1-A and 95
Valuation:	Approximately \$141,000,000 (excluding motor vehicles)

Municipally owned water plant and sewer system

Tax Rate:	1978 — \$71.80
Motor Vehicles Registered:	Approximately 1,500
Parks:	Memorial and Francis William
Schools:	Nine (6 Elementary, 2 Junior High, 1 Senior High)
Children Under 17:	5,299
Form of Government:	Representative Town Meeting
Transportation:	Bus and Train service to Boston and Providence
Public Safety:	Permanent and Volunteer Fire Department with 3 fire stations. Police. Ambulance service to Norwood Hospital
Recreation:	

Town Sponsored:

Boys Soccer Program
Gymnastics Programs
Youth Tennis
Belly Dancing
Winter Recreation for Adults:
 Badminton, Basketball,
 Volleyball, Tennis

Aquatic Art Class
Scuba Diving Course
Competitive Swim Team
Playground School

TOWN MEETING MEMBERS

PRECINCT ONE

Term Expires 1981

Mary Jane Coffey	10 Killeen Road
Kathleen E. Delaney	38 Hemlock Street
Nancy T. Farris	297 Pleasant Street
Robert W. Foster	255 Union Street
Jane G. Hawes	20 Wolcott Avenue
Susan Maguire	178 Union Street
Christine D. Peters	6 Cherry Street

Term Expires 1980

Robert G. Bullard	196 Pleasant Street
Louis Coburn	106 Moosehill Road
Claire Connor	130 Union Street
Mary H. Hayward	331 Washington Street
Donald G. Irving	71 Coney Street
Oscar M. Lambine	38 Park Lane
Lester J. Tarbell	13 Park Lane

Term Expires 1979

Lewis Harley Bowden	25 Park Lane
Stanley J. Hayward	331 Washington Street
Louise N. Hinchey	88 Union Street
Margaret F. Maguire	168 Union Street
Joey Noble	6 Moosehill Road
Loretta Parasco	280 Pleasant Street
Anne L. Welch	129 Plimpton Street

PRECINCT TWO

Term Expires 1981

Owen M. Forrest	471 Old Post Road
Roger M. Lamothe	20 Holly Road
Dorothy E. McDavitt	706 Washington Street
Martin A. O'Malley	11 Pilgrim Way
Alice R. Smith	406 Washington Street
Edward R. Verrochi	270 Moosehill Road
Philip A. Wild	38 Peach Street

Term Expires 1980

Harry M. Angus	48 Old Post Road
Anthony J. Bruno	72 Old Post Road
Robert A. Cobb	32 Benny Street
Roy G. Fisher	9 Thomas Street

Term Expires 1979

Barbara P. Angus	48 Old Post Road
Daniel F. Coughlin	125 Baker Street
Guy H. Giampapa	51 Old Post Road
Mary T. Harrington	3 Pilgrim Way
John E. Hill	24 Pilgrim Way
Samuel A. Lorusso	6 Lorusso Road
Edward J. McCarthy	9 Squire Court
William H. Powers	55 Old Post Road
J. Jeffrey Sullivan	196 Baker Street

PRECINCT THREE**Term Expires 1981**

Raymond H. Beaudet, Jr.	11 Charles Street
MaryAnn Boragine	358 Common Street
Kathleen M. Browne	409 Stone Street
Richard W. Dugdale	201 Stone Street
E. Stanley Kelliher	31 Grover Street
Stephen H. Smith	1253 Washington Street
Karl H. West, Jr.	394 Stone Street

Term Expires 1980

Clifford E. Barnes, Jr.	157 Carpenter Road
Clement Boragine	358 Common Street
James E. Cerbo	1071 Washington Street
Edward J. Delaney	131 Carpenter Road
Richard H. Holman	47 Carpenter Road
Michael D. MacPhee, Jr.	338 Common Street
Donald Weber	2 Hidden Lane

Term Expires 1979

Bernard J. Duffy, Jr.	17 Charles Street
Nancy J. McGrath	16 Beacon Street
Mildred E. Rockwood	206 Common Street
Harold H.C. Varney	9 Country Club Drive

PRECINCT FOUR**Term Expires 1981**

Virginia K. Cronin	10 Eldor drive
James B. Davis	7 Old Winter Street
John W. Farrell, Jr.	1885 Washington Street
John L. Frederick	989 West Street
Edward T. Leary	54 Water Street
Joseph J. Pruell	1495 Washington Street
Bernard A. Rivers, Jr.	23 Irving Drive
George E. Tyner, Jr.	15 Sandy Valley Drive

Term Expires 1980

Judith K. Benson	6 Stony Brook Road
Robert W. Benson	6 Stony Brook Road
Garrett H. Dalton, Jr.	477 Summer Street
E. John Ferrara	16 MacDonald Circle

James E. Fitzgerald	4 Wall Street
Susan B. Fitzgerald	4 Wall Street
Peter J. Hand	37 Irving Drive
Barbara J. Lawless	895 West Street
William J. McAdams	14 MacDonald Circle
H. Fran Niland	18 Clarkson Drive
Janice A. Young	19 Sandy Valley Drive

Term Expires 1979

Walter I. Barnes	86 Norfolk Street
William E. Christy	1 Old Winter Street

Meets on the second and forth Wednesdays at 7:30 p.m. in the Town Hall.

Industrial Commission

Meets every second Tuesday at 8:00 p.m. in the Town Hall.

Council on Aging

Meets on the fourth Thursday at 7:30 p.m. at lower Blackburn Hall.

Recreation Committee

Meets on the first Wednesday at 8:30 p.m. in the Directors Office, downstairs, Town Hall.

Historical Commission

Meets on the fourth Tuesday (except July, August & December) at 7:30 p.m.
at East Walpole Library.

GENERAL GOVERNMENT

BOARD OF SELECTMEN

In 1978, the Board of Selectmen had an active and productive year. The economic problems that plagued the Country continued to be felt in Walpole with energetic response from the public.

The annual election in May saw the departure of Mr. Thomas H. McCormack and the addition of Mr. Clifford Barnes, Jr., of the business community.

At the organizational meeting, the Board elected Mr. F. A. Farinacci as Chairman and Mr. J. F. Campbell as Clerk for the current year. Mr. Farinacci reaffirmed the policy of the Chairman being a "Voting Chairman", which allows the citizens of Walpole to know the Chairman's stand on the Board's votes.

The Board continued to comply with the intent of the "open meeting law" and practiced their belief that the public has a right to knowledge of all proceedings.

The Board has been able to complete each week's full agenda without going into additional meetings, indicating a Board that is working in harmony.

Meetings, open to the public without their making appointments, on every second Saturday of the month have been continued even though the response has been very light. The Board has presently adopted a new policy of holding these meetings in various locations of the Town to generate more interest.

The public has been able to enjoy the continued broadcasting of the Board's meetings over Radio Station WSRB through the efforts of the Walpole High School's students who operate this station.

Public Safety: The Traffic Study Committee has been very active. After an in depth study, it was determined that a by-pass road through the Town would not be feasible due to costs and the encroachment to watersheds and wetlands.

The "Chief's Bill" was finally enacted by the State Legislature, with the Chief resigning his Civil Service position as Lieutenant allowing the appoint-

Photo by Roger Turner, Jr.

ment of Sergeant Edmond Driscoll as Lieutenant. Patrolman Roy Lee was appointed Sergeant to fill the vacancy.

Lack of a new list from Civil Service forced the Board to appoint three provisional officers pending results of the examination.

The Town was directed to comply with the requirements that our ambulance be manned by two certified Emergency Medical Technicians (EMT). Lack of EMTs forced the Town to put men on overtime and seek outside help. The Board voted that all future patrolmen and firefighters become certified EMTs within one year of employment.

Public Health: To spray or not to spray brought a lot of response from the public. The Board voted to continue to spray in compliance with all environmental safeguards and monitoring of the well field.

Town Employee Contracts: After two plus years, the firefighters contract was finally ratified only after going to fact-finding and binding arbitration.

The Library contract has been ratified and the DPW-Clerical is in the process of negotiations.

Scenic Road: Construction of High Street has been completed with apparent satisfaction by the residents.

Pine Street was voted as a "Scenic Road."

Blizzard of '78: All citizens will long remember "The Blizzard of '78." Thanks to the efforts of the citizens, volunteers, DPW, Fire, Police, Auxiliary and Special Police, Town Administrator and the special efforts of Mr. Roger Turner, head of the Civil Defense, the Town of Walpole was able to cope with the storm in a very efficient manner. The entire Board met daily to cope with any problems. Walpole was one of the first to put buses on the streets for public use. The "Blizzard of '78" offered everyone the opportunity to be closer to their families and neighbors and reassess the basic values in their lives.

Sanitary Landfill: 1978 saw the closing of the Lincoln Road Sanitary Landfill as mandated by the State. The Town chose to combine the rubbish and garbage collection for economy purposes, and we are forced to dispose of our waste in Plainville, for lack of a site, with substantial increase in costs. Closing of the Sanitary Landfill also required the operation of a transfer station.

Late Tax Bills: Late tax bills continued to be a problem forcing the Town into short-term borrowing which drained the taxpayers of additional dollars. The Board will exert greater efforts to resolve this problem.

The Board wishes to thank the residents of the Town, The Town Employees, The Committee Members and all concerned citizens for their assistance during the past year. The Chairman also wishes to thank the Board for their patience and understanding during some of the trying and heated issues.

TOWN ADMINISTRATOR

I am pleased to submit my fifth Annual Report as Town Administrator.

The year 1978 was indeed an interesting year as the Town continued its attempts to deal with the increasing complexities of local government, and many important issues were considered and addressed. But the one event of 1978 which will most be remembered was the Blizzard of February 6. This great storm dumped approximately 40" of snow in the Eastern Massachusetts area and paralyzed Walpole and most of the Commonwealth for the greater part of a week. It is my opinion that the Town of Walpole responded well to this emergency situation; and through the efforts of many, our daily lives were soon back to normal. During the period of the storm, which covered the greater part of two days, the performance of

police and fire personnel and civil defense volunteers was outstanding, and they responded to and handled hundreds of emergency situations under impossible conditions. The personnel of the Public Works Department deserve a great deal of credit as they worked around the clock for a period of almost five days. These Department of Public Works employees went without sleep for the greater part of three days; and yet responded extremely well to the arduous cleanup task that existed. Peter Boghossian, Director of Public Works, and Pat Marino, Superintendent of Highway & Park, who has charge of snow removal operations, did a superior job providing the leadership necessary in handling the complex coordination of the cleanup activities. And Ben Gove, Superintendent of Public Works Maintenance, and his department did an ex-

cellent job of keeping all of our equipment in operating condition throughout the storm and the resulting cleanup period. Also, the Town was indeed fortunate that it could call upon local contractors who could provide the heavy equipment which was necessary to open our streets. The cost of digging out from under the storm was several hundred thousand dollars; however, we were able to obtain \$193,000 in Federal Disaster Assistance to defray the expenses caused by this Great Blizzard. The one thing that I shall always remember about the Blizzard of '78 was the spirit of cooperation and friendliness that existed during that period of time, in spite of the fact that many Walpole residents endured hardships during that period. It was indeed pleasant to see thousands of people out walking and to have no automobiles on the road for a week.

The February 6 Blizzard, in itself, would have made the winter of 1978 the most severe winter in recent memory; however, during the months of January, February and March, we received an additional 46" of snow. Total expenditures for snow removal operations were almost \$500,000. We continued to experience the effects of the winter throughout 1978, as damage caused by the snowfall and cleanup operations had to be repaired, and 75 cents had to be added to the FY 79 tax rate as a result of the expenses incurred from the winter of 1978.

The office of the Town Administrator continued to strive in 1978 to improve the management capacity of the Town, so the Town might effect better control over its expenditures. All programs and projects were carefully analyzed and continued emphasis was placed on all areas affecting finance management. Some of the major issues addressed during the year by this office are described below.

One of the major developments of 1978 was the closing of the Sanitary Landfill on Lincoln Road. This facility was closed because the site was exhausted; and since there were no other suitable sites available in the Town, the Town has had to contract with a commercial landfill located in Plainville for the disposal of solid waste generated in Walpole. This has resulted in increased cost for solid waste disposal; and in order to affect some economies, a change from separate rubbish and garbage collections to a combined solid waste collection was implemented at an annual savings of approximately \$30,000. Upon the closure of the Sanitary Landfill in late October, a solid waste collection station was established at the site of the former landfill on a temporary basis. Issues concerning solid waste collection and disposal are many and complex; and despite considerably study of these matters in 1978, no long-term solution has been arrived at. In December the Board of Selectmen, at my request, established a Solid Waste Advisory Committee to conduct a detailed study of all the alter-

natives available to the Town and to make recommendations as to what course of action the Town should follow in dealing with its solid waste problems on both a short-term and long-term basis.

There are many possibilities being discussed with regard to this matter, to include regional or local resource recovery plants, regional or local solid waste transfer facilities, and commercially operated sanitary landfills. Solid waste collection and disposal will continue to be considered a priority proposal during 1979; and it is hoped that some reasonable permanent solutions can be arrived at within the next year.

Involvement in the collective bargaining process has become an ongoing function of this office, as negotiations with five bargaining units has become a very lengthy and involved process. I am confident that the Town is approaching the collective bargaining process in a more professional manner; and as a result, the agreements which are being reached are consistent with the best interests of the Town. The Assistant Town Administrator and myself have spent considerable time during the past year preparing for and participating in negotiations with the various units. During the year, agreements were reached with the Firefighters Association and the Clerical Employees Unit. The agreement with the firefighters came after 28 months of negotiations, mediation, fact-finding and finally Last Best Offer Binding Arbitration. After both parties submitted their last best offers in June of 1978, the arbitrator selected the last best offer of the Town for a contract covering a period from July 1, 1976 through June 30, 1979. The Board of Selectmen found it necessary to employ outside labor counsel to assist the Town at the mediation, fact-finding and arbitration stages of the collective bargaining process with the Firefighters Association. It should be noted that this was the initial contract between the Town and the Firefighters Association; and that the selection of the Town's last best offer by the arbitrator was significant in that the history of binding arbitration for police and fire personnel in Massachusetts has seen arbitrators select the union's last best offer in two-thirds of previous cases. In addition, early in 1978 an agreement was reached after 24 months of negotiations and mediations with the Clerical Employees Bargaining Unit for a two-year agreement for the period from July 1, 1976 through June 30, 1978. Negotiations for new agreements with Public Works and Clerical employees began in May. After five months of negotiations, an impasse existed and the matter has been a subject of mediation since September. As of the end of the year, no agreements had been reached.

The problem of inadequate space within the Town Hall for administrative functions and an inadequate police facility, together with the knowledge that the closing of several school buildings is

forecasted due to the declining school enrollments prompted the appropriation of \$10,000 at the fall session of the Annual Town Meeting to conduct a Municipal Space Needs Study. It is intended that this study will result in a plan which will enable the Town to solve existing space needs problems by taking advantage of space that will be provided by the closing of school buildings over the next few years.

Over the past few years, many concerns have been raised about the inadequacies of the Town's insurance program. With the changes that the courts have directed concerning municipal immunity and liability, it became evident that the Town had to closely reexamine its liability and casualty insurance coverages. An insurance adviser was retained in 1977 and a report and recommendations with regard to the Town's insurance program was submitted in the spring. After reviewing the recommendations of the insurance adviser, The Board of Selectmen decided to reactivate the Insurance Advisory Committee, and that Committee has been actively pursuing revisions to the insurance program which will provide the Town with adequate protection. Improvements in the insurance program will be at significant additional cost; however, it is mandatory that the Town protect itself in a time when huge settlements are being awarded by the courts.

The office of the Town Administrator continued to be active in applying for federal and state grants during 1978. In addition to the \$193,000 in Federal Disaster Assistance obtained to defray the cost of the February Blizzard, a state grant for a salt storage shed, which has a value of approximately \$30,000, was obtained and the facility was erected in the summer. State Representative Frank Woodward was instrumental in the Town's receiving this grant, and his efforts on the Town's behalf in this matter were of great assistance. Applications for federal and state grants for the design of replacement and new interceptor sewers were still pending at the end of the year. These applications, which were originally submitted in 1977, had to be substantially revised during 1978 to comply with new EPA regulations. It is expected that the Town will receive an initial grant of \$400,000 for this project in the spring of 1979. Unfortunately, the Town was unsuccessful in its application for \$275,000 in Community Development Block Grants. However, the Town will continue to pursue funds under this program in coming years.

A very pleasing development during 1978 was the decision of the Greater Boston YMCA to start a new YMCA to serve the Southwest Suburban Area. This was made possible by the determined efforts over a number of years by a group of Walpole citizens. The Town was pleased to lease the Old Stone School building to the "Y" for their use until such time as a new facility is constructed. It is hoped that the new facility will be located in Walpole which would certainly be a great asset to the Town.

I am also pleased to report that in December Corning Medical of Corning, New York, announced its decision to locate a new \$5 million manufacturing facility in Walpole at the former Worth property on Coney Street at Route I-95. As well as substantially increasing the assessed valuation of the Town, this facility will add approximately 250 jobs to Walpole area between 1979 and 1982. The decision by Corning to locate here came only after a year-long analysis of various sites in the Greater Boston Area. This office, together with the State Department of Commerce & Development, worked diligently to provide Corning with the information that they needed upon which they ultimately based their decision.

A movement calling for property tax relief, which started in California with the passage of Proposition 13, swept across the Nation in 1978. The subject of property tax relief became the central issue of the State Elections in the fall of 1978, which it should have been because nowhere in the United States is the burden of property tax worse than in Massachusetts. After his election in November, Governor-Elect King stated that he would propose limits on municipal spending and tax rates, and increase State Aid to provide property tax relief. Although the scope of Governor-Elect King's proposal is not known at this time, it is feared by many in municipal government that the type of relief that is being proposed will not be of lasting value; and that what is really needed is a tax reform program which will shift reliance on the property tax by municipalities as their major source of revenue.

Control of the property tax has certainly been a main theme in this Town for several years. Accordingly, this office has placed continued emphasis on improved budgeting, purchasing, personnel and financial management control systems. These systems which we have implemented have enabled the Town to greatly improve its management capabilities and to affect better control over the financial situation of the Town. All programs are being carefully analyzed to ensure their necessity; and that if they are to be performed, they are done so in the most efficient manner. This attitude, coupled with cooperation among the Board of Selectmen, School Committee and the Finance Committee, enabled the Town to hold the tax rate to no increase in 1979. There are other factors which have also assisted the Town, such as the stabilization of our population, continued commercial growth, increased State Aid and wise use of the funds available to the Town. Because of all of the above, we have been able to limit the growth of the tax rate to 15%, or an average of 3% per year over the past 5 years, which is far below the rate of inflation during that period.

I regret that I cannot report to you that we have everything totally under control, because just like all other institutions, we are beset with the problems of

inflation, the pressures of collective bargaining and inefficiencies. It is my belief that the Town has come a long way in the last few years in improving its total operations. However, there remains much room for improvement. Therefore, all of us in Town Government have to be prepared to do more and probably with less resources than we have today.

In March, Mr. James R. Merriam was appointed to the position of Assistant Town Administrator. His training and previous experience in municipal government have proven to be an asset since the onset of his employment. Mr. Richard Rowell, Assistant Purchasing Agent since 1976, resigned to return to employment in the private sector. H. James Waldron was appointed to fill that position on a temporary basis in May, and then was permanently appointed to

the position of Assistant Purchasing Agent in September. Also, Gerald Couto, Inspector of Buildings/Zoning Enforcement Officer, resigned in December to accept a position with the State; and Philip S. Winsor, Deputy Inspector of Buildings, was appointed to fill the position on an interim basis.

In summation, I extend my thanks to the Board of Selectmen, other Boards and Committees and Town employees for their cooperation and assistance during the year; and especially to James Merriam, Assistant Town Administrator and my secretary, Elizabeth Oulton. Also, the assistance of Nancy McGrath, Assistant to the Board of Selectmen, during the first three months of the year was invaluable at a time when my office staff was depleted due to resignations and illness.

ZONING BOARD OF APPEAL

The Board of Appeal has jurisdiction over appeals from rulings of administrative officials of the Town made under the Zoning By-Laws. Certain uses of premises require a Special Permit from the Board of Appeal. In addition, the Board of Appeals has authority with respect to particular premises to authorize a variance from the terms of the applicable provision of the Zoning By-Laws in certain instances. These powers provide a local tribunal familiar with local problems.

The Board acts only after a public hearing. Notice of the hearing must be published in a newspaper and also sent by mail to the petitioners and to the owners of all property deemed by the Assessors to be affected by the proceeding, including the abutters of the land in question and the owners of land next adjoining the land of the abutters; and, to the various departments and Boards of the town. The Board's hearings are always public; and any person, whether entitled to notice thereof or not, may appear in person, or by agent or by attorney. When the Board has reached a decision on any matter, the decision is

reduced to writing and filed with the Town Clerk and Building Inspector, and notice of the decision is given to the persons believed to be entitled to notice of the hearing.

The Board consists of five regular members and five associate members.

1978 SUMMARY

Request	Granted
Site Plan Approval	15
Special Permits	7
Variances	13
Flood Plain	1
Amended Site Plan	3
Approvals	
Comprehensive Permits	1
Applications withdrawn without prejudice	8

Total Applications received and processed in 1978 = 48

BUILDING CODE BOARD OF APPEAL

The local Building Code Board of Appeal was created in 1975 to conform with the Commonwealth of Massachusetts building code.

Whoever is aggrieved by an interpretation, order, requirement, direction or failure to act by any

official charged with the administration or enforcement of the Building Code may appeal to the local Appeals Board. Application for appeal and fee schedule is available at the building inspector's office.

No appeals were heard by the Board in 1978.

SIDEWALK COMMISSION

The construction of a new sidewalk on Stone Street from the entrance to the Industrial Park easterly to the existing sidewalk at 394 Stone Street, and the construction of a foot bridge over Traphole Brook on Coney Street, completed the projects funded at the annual town meeting in 1977. The Stone Street walk was constructed by a private contractor and the foot bridge by employees of our own department of Public Works.

This is the first time town employees have been involved in sidewalk construction and hopefully is the forerunner of more involvement by these employees in future projects.

At the annual town meeting last Spring, no money was voted for any sidewalk work. However, at the Fall annual town meeting funds were approved for the construction of a sidewalk on Washington Street from Georgia Drive to Neponset Street at Hamilton Square in South Walpole.

This is a large project and will necessitate some filling within the flood plain zone which will require hearings before the Conservation Commission and Zoning Board of Appeals. This project will go out for bids in late March or early April and should be completed by the opening of school this September.

In the area of sidewalk maintenance, a new cement concrete sidewalk was constructed on Washington Street between Rhoades Avenue and the north corner of Bird Park in down town East Walpole.

This walk was the final phase of a street resurfacing project undertaken the previous year and included the installation of granite curbing.

Ramps were constructed at the intersection of Main and East Streets and Main and Stone Streets for handicapped persons. It is hoped that more ramps can be constructed in the vicinity of all of the schools and public buildings if Federal funds become available.

The Board of Selectmen have charged the Sidewalk Commission with the duty of overseeing sidewalk maintenance work with the Town Administrator. In line with this order, we have submitted a list of walks which are badly in need of repair. A cost estimate is being prepared by the Engineering Department for inclusion in the annual repair budget.

There are several miles of sidewalk in Walpole, most of which are constructed near the turn of the century. Very little money has been expended on sidewalk repairs during this time, therefore serious conditions exist in many places throughout the Town. The need for a permanent three man sidewalk repair crew has been voiced at meetings of the Sidewalk Commission with the Board of Selectmen and the Finance Committee.

We wish to thank all the town officials and employees who have cooperated with the Sidewalk Commission this year. We also thank those concerned citizens who have come before us with requests and suggestions.

PROTECTION OF PERSONS AND PROPERTY

POLICE DEPARTMENT

The members of the Walpole Police Department went through extensive firearms training in 1978. Under the direction of Patrolman Robert Ela, Armaments Officer, each man was qualified in the use and care of his weapon. The three-week course was held on a local professional range and simulated conditions that may occur on the job. Officers expressed satisfaction with the program and commended Patrolman Ela for his efforts.

Four officers, Patrolman Richard Stillman, Scott Bushway, Paul Walukevich and David Sullivan completed Emergency Medical Technician training and passed the National Registry examination, qualifying them to work on the town ambulance service in accordance to the law which governs Emergency Medical Services. Patrolman Richard

Two officers received promotions during the year. Roy Lee was promoted to the rank of Sergeant, and Edmund Driscoll was promoted to the rank of Lieutenant. Our congratulations and best wishes are extended to these two deserving officers.

Outstanding for the year 1978 was, of course, the Great Blizzard. This devastating storm demanded a full complement of police personnel coordinating their efforts with the Fire Department and the Office of Civil Defense. Literally, thousands of calls were answered and hundreds of rescues and assists accomplished. Under the direction of Sergeant Joseph Betro the Snowmobile Team was instituted. This team consisted of Sergeant William Wall, Patrolman John Piasecki, Anthony Lazzaro, Charles Kelly, David Sullivan, James Headd and Kenneth Scanzio. All

other officers of the department were assigned to Cruiser Patrol and Emergency Communications. The Walpole Emergency Medical Ambulance was manned by Medical Technician Edward Peatfield and Patrolman Stanley Hayward. These combined forces transported emergency and health crews to their places of work, delivered countless medicines and food supplies to those snowbound in their homes and factories, made some outstanding rescue attempts, and handled the frantic calls of those sick and injured. The personal dedication of the men was very commendable; all seemed to pitch in and work together in this state of emergency.

For a period of approximately 85 hours the Walpole Police Department was operating "flat-out" under extreme emergency conditions. The Snowmobile Team made rescues from many areas that could not have been reached in any other way, and the ambulance service responded to all calls in need of emergency medical service. On many occasions the patients were brought as close to their homes as possible in the ambulance, then transported from street to home by way of snowmobile. All vehicles were in service around the clock; the men didn't seem to tire, nor did they complain. People were rescued from their vehicles on Route 95, Route 1, and other out-of-the-way highways, and brought to lodging at the Blackburn Memorial until other accomodations could be found. Statewide Communications were set up, and all towns worked together for the common good. And we weathered the storm! Yes, the Great Blizzard of 1978 demanded a whole lot from us, but

it also gave us something: the knowledge that when things are at their very worse, people are at their best!

Statistics for 1978

Offense	1977	1978
Protective Custody	177	159
Persons Arrested	317	278
Motor Vehicle Accidents	614	566
Fatal Accidents	2	5
Rape	1	3
Breaking and Entering	180	178
Assaults	29	21
Robbery	5	4
Motor Vehicles Stolen	165	163
Motor Vehicles Recovered	81	84
Bicycles Stolen	88	94
Larceny	432	361
Sudden Death	17	14
Police Officer Appearing in Court	1895	1319
*Ambulance Runs	321	490

Value Property Stolen 1978	\$698,064
Value Property Recovered 1978	\$220,425

*The large increase in ambulance runs is due to the law which forbids transportation to the hospital in police cruisers. The ambulance now transports all sick and injured patients. The new law makes it illegal to transport even minor injuries to medical facilities.

ANIMAL CONTROL OFFICER

ANNUAL REPORT

Lost dogs	192
Strays picked	244
Dogs claimed by owners	138
Dogs sold	50
Dogs destroyed	32
Dog bites	89
Signed complaints	123
Citations issued	325
Complaints received & answered	1279
Calls made by animal control officer	2096
Total calls received & answered	2570
Enforcement (dogs caused to be licensed)	2115
Enforcement (dogs caused to be kenneled)	62
Kennels inspected	90

It is with pleasure that I submit the following report of the Animal Control Officers to the Town of Walpole for the year 1978.

Basically there has been a vast improvement since the leash law however, a lot of work remains yet to be done.

Most of the Main Streets are relatively clear of dogs and I am pleased with the general cooperation of the Townspeople.

The 24 hour leash law is only 1½ years old and as time goes on more enforcement will be imposed to ensure the safety of the animals and citizens of the Town, as well as, for the protection of private property.

The Blizzard of '78 was a setback for the Leash Law. Because of the many problems due to the snow storm, I imposed a two week moratorium allowing the citizens a recovery period. In that time I made myself available for any emergencies that might have occurred and responded to problems that did occur.

During this very hazardous and difficult time, I found the people to be generally in good humor and friendly towards one another.

My goal for the new year is to have the Town of Walpole free of any dogs running loose with the help of the dog-owners. However, the BY LAWS will be much stronger enforced in this new year.

I am pleased to report that I have attained the goal set in 1977 for licensing over 2,000 dogs again this year.

The licensing and the wearing of the tags on the dogs has been a great aid to me in returning the dogs to their owners.

WIRE INSPECTOR

This department issued 348 permits this year for various types of electrical installations.

The Commonwealth of Massachusetts Electrical Code, Form FPR-11, was up-dated in 1978. Numerous changes have evolved from the code for the safety of persons and property.

All complaint concerning electrical installations were investigated and taken care of.

The wire inspection department is located on the second floor of the Town Hall, in the building department office.

Photo by Faith Lawless.

FIRE DEPARTMENT

During the blizzard of 1978 all firefighters that could lived in the fire stations until all roads were open. We sent one of our four wheel drive vehicles with the ambulance to lead it in and out of streets that had not been plowed. Also our men on this truck were available to assist the ambulance crew at the scene. We also transported people with other four wheel drive vehicles in emergency situations. We were very lucky during the storm that no large fires occurred. The hydrants on the streets were under as much as eight feet of snow in some areas, and it was a long job to dig them out with front end loaders and man power. I would like to take this opportunity to thank the fire department members for their devotion to duty and the towns people for being extra careful to prevent fires.

It is becoming the responsibility of the local fire departments to investigate fires of a suspicious nature for possible arson. We have two men in our department with some training in this field, and we hope to further their training in the coming year. Our part in this is to assist the police department with the preliminary work.

Photo by Faith Lawless.

The first contract was signed this year between the Town and the I.A.F.F. one of the results of this contract is a 42 hour work week, which means we will be adding one man to our permanent force.

We had a total of 1219 alarms for the year which break down as follows:

Photo by Faith Lawless.

Dwellings	9
Other Buildings	10
Various Fires in Manufacturing Plants	15
Water Problems	19
Washdowns	22
Automobile in House	1
Dumpsters	25
Junk Automobiles	18
Stoves and Ranges	12
Dumps and Rubbish	20
Chimney Fires	8
Tree Fires	1
Lockouts	9
Oil Burners	15
Dish Washers	2
Clothes Dryers	6
Washing Machines	1
Assist Police and ambulance	134
Faulty Fire Alarm Systems	23
Assist Persons	20
Mutual Aid (Given)	10
Mutual Aid (Received)	9
Lightning Strikes	6
Brush, Grass, and Woods	387
False Alarms	104
Bon-Fires	25
Electrical	20
Smoke Investigations	63
Investigations	42
Gas Problems	21
Sprinkler Operations (No Fire)	33
Vehicle Fires	80
Chlorine Leaks	2
False Telephone Calls	7
Barn Fires	2
Bomb Scares	1
Correction Institutions	1
Misc. Fires	32

FIRE ALARM MAINTENANCE

Fire alarm maintenance continued this year with the usual box testing, pole line maintenance and repair, radio servicing, and a limited amount of tree trimming. The required circuit testing was performed on a daily basis, and proper records were maintained of all test and department operations.

The blizzard of 1978 caused very little trouble on our fire alarm system. We had one blown fuse on the system which did not interfere with the operation, so we were in service at all times during the storm. This was the first time since I have been involved with the

fire department that I can remember the need to shovel out fire boxes on the poles. This had to be done in some after the snow clearing was complete.

A total of 411 audible alarms were sounded over the fire alarm system this year. Of this 235 were squad alarms, and 176 were box alarms.

BOARD OF HEALTH

Most people probably do not have a clear understanding of the activities of the Board of Health. The following is a list of some of these activities carried out on a day to day basis:

1. Enforces the State Sanitary Code as it pertains to housing, public swimming pools, day camps, food establishments, etc.
2. Enforces the State Environmental Code particularly that section which deals with on-site sewage disposal.
3. Issues permits for operating food service establishments, retail food stores, funeral parlors, motels, keeping of domestic animals, installing septic systems, selling milk & cream, operating public or semi-public swimming pools, keeping or dispensing methyl alcohol, hauling offal through the streets of Walpole and operating bottling plants.
4. Responds to complaints of unsanitary conditions, such as malfunctioning septic systems, improper storage of rubbish and/or garbage and anything else which would cause a health hazard. Investigates complaints from tenants who feel they are not being supplied with the minimum standards of fitness for human habitation.
5. Witnesses percolation tests to determine suitability of the soil for on-site sewage disposal.
6. Inspects all restaurants within the Town to determine whether or not they conform to the State Code. This is done twice a year and more often where conditions warrant.
7. Works closely with the Visiting Nurses Association in conducting immunization clinics, lead screening and blood pressure screening.
8. Stocks vaccines for the local physicians and dispenses them as needed.
9. Inspects premises prior to issuing permits for keeping of domestic animals to determine if conditions are satisfactory.
10. Reviews and amends health regulations as appropriate (Local Boards of Health may make regulations more stringent, but not less than State Regulations.)
11. Picks up milk and cream samples from retail food stores for lab testing to determine bacterial quality.
12. Takes routine water samples from various sources to submit for lab analyses.
13. Investigates communicable diseases and reports them to the Regional Health Office for follow-up to prevent further out-breaks. (Food poisonings due to a food-handler who is ill.)

In addition to these activities, there is a never ending variety of requests for help such as an unhappy resident who has found what he thinks is a roach in his takeout dinner from a local restaurant or a harried housewife whose laundry has turned blue or a young lady whose hair has turned green after shampooing it. (These are actual cases). The green hair turned out to be a reaction between the copper content of the water and the shampoo the lady used. The blue laundry was the result of not rinsing all the detergent out of the wash.

Frequently there are complaints of heavy mosquito population or too much spraying by the mosquito control trucks.

One of the highlights of this year was the request by a local industry to assign a parcel of land as a sanitary landfill. The Board of Health was charged with the responsibility of researching all the many factors which might result from having such a facility in the Town. Much thought went into the long range effects of a landfill with respect to our drinking water

supply as well as the general well-being of our citizens.

The big blizzard of February fortunately did not adversely affect our public health. There were moments when we thought we wouldn't be able to get enough milk or other food items, but luckily, the digging out was soon enough to keep the lines of supply going again. There were some delays of fuel deliveries and some residents had to be transported to Norwood Hospital by snowmobile, but all in all we managed pretty well. We will be better prepared for the next one, hopefully!

At the May 16th Board of Health meeting, Mr. James Kresel was voted in as new Chairman of the Board to replace Mr. Donald Weber who still continues to serve as a Board member.

VISITING NURSE ASSOCIATION

Claire S. Connor, President
Suzanne P. Bassett, Vice President
Carol Robinson, Secretary
Eleanor M. Harding, Treasurer

Ann M. Clark, R.N. M.S., Administrator
Cynthia J. Mayher, R.N. M.S., Supervisor - Consultant

M. Eleanor Weissent, R.N., Senior Staff Nurse
Patricia A. Grugnale, R.N. B.S., Staff Nurse
Virginia L. Forbes, R.N., Staff Nurse

Colleen L. Anderson, Office Manager
Barbara J. Goodwin, Office Clerk

The year 1978, highlighted by the infamous February Blizzard, was a year of change and continued growth for the Walpole Visiting Nurse Association. In August, Patricia Lotfy, R.N. B.S., turned over the administrative role to Ann M. Clark, R.N., M.S. We thank Mrs. Lotfy for her leadership as well as her friendship, and wish her all the best in her new endeavors.

The Walpole Visiting Nurse Association supplies valuable health services to our community, including skilled nursing care and health promotion/disease prevention both in the home and at our office located in the Town Hall. Drop-in office hours are Mon., Tues., and Fri., 9-10 A.M.; appointments at other times may also be arranged.

Referrals for our services are accepted from various sources: hospitals, area physicians and from

people themselves in the community who are in need of nursing care assistance. Depending on the nature of the service needed, requests from the community may require follow-up confirmation by a doctor's order.

In addition to nursing services, the agency also provides home health aide services through an agreement with Norfolk-Bristol Home Health Services Inc., and at-home home physical therapy and speech therapy through a contract with Norwood Hospital.

As with last year, there was a decrease in the total number of visits made by the agency. Yet 1978 shows an increase in the number of admissions to our services. Due to a continued increase in costs, rate increases for nursing, physical therapy and home health aide services were implemented.

We are proud of the services our agency provides to the community through a contract with the Board of Health which enables us to deliver the needed health promotion and disease prevention services that are not at this time reimbursed by most health care insurances. Included within these services are the many clinics held throughout the year (statistics follow narrative): weekly blood pressure clinics on Tuesday afternoons for the senior citizens at lower Blackburn Hall, 2 townwide blood pressure screening clinics open to the general public, an Oral Cancer Screening Session, Annual Breast Cancer and Pap Screening Program at Pondville Hospital, Children's Immunizations and Lead Screening Sessions, and the influenza immunizations. New this year to the agency was the inclusion of a diabetic screening program in the spring. The success of this program ensures its continuation for years to come.

Our fall sessions of the children's immunization clinic were greatly expanded, with the assistance and cooperation of the school nurses, to accommodate the large numbers of children requiring immunizations due to a more strictly enforced state Dept. of Education mandate. The annual flu immunization program, usually scheduled in September or October, had to be postponed to November due to delays in Federal and State funding and delivery of the vaccine. This program supplies free vaccine to the elderly and chronically ill residents of Walpole.

Another key function served under the auspices of our Board of Health contract is the program of nursing visits made to mothers and newborn infants.

Testing for tuberculosis is another service provided to the community at large, especially to teachers, bus drivers, cafeteria workers and classes of home health aides at Norfolk-Bristol Home Health Services.

Our health equipment loan program (crutches, walkers, canes, beds, etc.) continues to be well utilized within the community. We thank all who have donated equipment to our supply.

Continuing education for our staff, the Board of Directors, and for the community continues to be a high priority of the Walpole Visiting Nurse Association. The agency maintains affiliations with various local community organizations and agencies (hospitals, the Council on Aging, Project Face, King Philip Elder Home Care) which are crucial to the types of services we provide. We are also actively involved with many area and statewide organizations - the Massachusetts Association of Community Health Agencies and the Southwest Metro Council of the Health Planning Council for Greater Boston, which is necessary and helpful in keeping up with a rapidly changing health care system.

As part of our community education program this year, the agency sponsored a presentation by

Victor Popeo, M.D., a member of our Professional Advisory Committee, on Childhood Accident and Poison Prevention. Mrs. Lotfy presented a health education program to area CETA workers and participated in a Career Day at the Blessed Sacrament Grammar School.

We were also well-represented in the walkathon sponsored by Project Face as participants and with the Agency car used to pick up blister-sore stragglers.

The holiday time is a special time in our agency and the VNA is pleased to serve as a liaison for various community organizations who help in many different ways to make the times cheerier for so many people. Our thanks to all who donate time, energy, or monies not only at holiday time, but all throughout the year.

Key issues facing both staff and the Board of Directors during the past year and which will be even higher priorities in 1979, are the implementation of the new home health care regulations (Medicare Conditions of Participation) which include providing extended hours of services, and the issue of regionalization of home health care agencies.

It is no secret that we have a challenging time ahead of us as we approach our 70th year of service. With a strong tradition of providing quality care to a supportive community, and a dedicated and active staff and Board of Directors, we look forward to a productive and exciting year.

Statistics 1978

Total Visits	2527
Public Health & Nursing	1018
Therapeutic Nursing	1509
Public Health	
(including Geriatric)	1769

ANNUAL REPORT

Red Cross was there! At the time of the Great Blizzard, National and local Red Cross was there. Through collaboration with Civil Defense and the Police Department, our chapter was able to help people by use of our drivers, the Red Cross car, Red Cross telephone and referrals and our Red Cross identity. Food and lodging was found for office workers stranded in the area. In addition to these services, a Blizzard Relief Fund was set in motion resulting in obtaining \$3500 from generous townspeople. This more than met our assigned quota of \$1296.00.

In 1978, we set up the following Bloodmobiles for 1979. These are all open to the public for whose benefit we list them:

January	7 St. Mary's, Union Congregational Churches
	9 Pondville Hospital
February	2 Bird & Son Corp. Office
	8 Walpole High School, Teachers & Sterling Co.

April	4 Blackburn Hall
	5 Blackburn Hall
June	27 Pondville Hospital
July	1 Blackburn Hall
	30 Kendall Co.
August	10 Bird & Son (Corp.)
	17 Bird & Son (Shoe)
	24 Bird & Son (Roofing)
Sept.	26 Blackburn Hall
	27 Blackburn Hall
Dec.	3 Kendall Co.
	12 NCSHS (Aggie Sch.)

It is through these 16 Bloodmobiles that we are able to provide the gift of life to all the citizens of Walpole.

We are indebted to 2,173 volunteers who give their services each year to the six programs namely: First Aid, Blood, Water Safety, Service to Military, Motor Corps and Disaster. To these who shared in maintaining and supporting our Red Cross Services to the community go a deep appreciation and a hearty thank-you from the Board.

MEDFIELD-NORWOOD AREA BOARD OF MENTAL HEALTH

The Medfield-Norwood Mental Health and Retardation Area Board of the Department of Mental Health, Region 4B, consists of 21 citizens appointed by the Governor to act as representatives of their communities in issues regarding the comprehensive delivery of mental health and retardation services.

The Area Board representatives from Walpole for 1978 are:

Doris Wigren, 19 Ponderosa Lane, home phone 668-1487.

Barbara Moore, 105 Lewis Avenue, home phone 668-3690, business phone, 668-0551.

For questions or suggestions regarding mental health and retardation services, call your Area Board representative or the Area office in Medfield at 359-7312, extension 203, or 727-9830.

SO. NORFOLK CO. ASSOC. FOR RETARDED CITIZENS INC.

The South Norfolk County Association for Retarded Citizens, Inc., (SNCARC) was established in 1954 by local, concerned citizens as a private, non-profit organization whose purpose is to promote and advocate for the welfare of our citizens who are disabled by or at risk of being disabled by mental retardation or similar impairment requiring similar support services, and to assist with the special needs of and act as a supportive community for their families.

To accomplish this necessary work, the Association depends heavily upon your volunteer, moral and funding support and upon a working partnership with and between the towns of Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham. This supportive base enables the Association to attract outside private and public resources to our communities while maintaining cost effective, local consumer control.

The current membership of over 250 families and friends of retarded persons acts through its volunteer Board of Directors to support and oversee the efforts of professional staff and volunteer workers to provide an integrated network of essential vocational, developmental, training, residential, social-recreational, clinical, early intervention, citizen advocacy, and family support programs.

These programs working as an integrated whole attempt to provide retarded persons, irregardless of the degree of severity of their handicap, the opportunity to become more self-sufficient and to more fully enjoy and participate in the life of their society. The vocational training program teaches the skills needed to do gainful and productive work in sheltered or competitive employment. the developmental training program teaches social, self-care, functional academic, and community living skills. Residential programs allow individuals to remain in their own

communities offering a humane and cost effective alternative to institutionalization.

An Early Intervention Program provides special therapy interventions crucial in the early months of a handicapped infants life, and gives special support needed by the infants family during this period. Other clinical services like speech therapy, occupational therapy, psychological and social work services are provided to mentally retarded persons who need them in their on going fight against their disability.

Other programs and services (which are especially dependent upon volunteer help) are social and recreational programs including regular dances and a weekly social club; family support service including social functions, information and referral, training programs, and emergency respite care; and a very important Citizen Advocacy Program which recruits and trains volunteers to serve as supportive and caring friends to children or adults who are mentally retarded.

If you want to know more about this creative and exciting organization, or would like to know more about the volunteer opportunities offered, please call Jane Smith or Bill Abel at 762-400.

COUNCIL ON AGING

This Council On Aging is a division of town government which is responsible for addressing the needs of the community's population 60 years and older. Its seven-member board and several non-voting associate members are appointed by the Selectmen. The fourth Thursday of each month the Council meets in open session at the Senior Citizens' Center in the lower Blackburn Hall, where the Council's office is also located.

Funding for a Coordinator of Elder Affairs was acquired from Federal government (CETA). The function of this position is to work in conjunction with the Council in an attempt to meet the needs of Walpole's Seniors by developing and maintaining programs of interest and need. A van-driver has been funded by the combination of a state grant and a private grant; he serves to provide free transportation to our Senior Citizens by means of a van which has been donated to Walpole by Rodman Ford.

Services now available to Walpole's Seniors are:
Drop-In-center--equipped with kitchen, TV, stereo, pooltable, piano, cards, etc.

Free Transportation--medical appointments, shopping, pleasure trips, etc.

Social Activities--tours, bingo, whist, dinners, etc.

Blood Pressure Clinic--every Tuesday at 2PM at the center (not held if Mon. Holiday).

Hot Lunch Program--lunches available Mon.-Fri. for 50¢ at Walpole Stone School, and at regional nutrition sites in Dedham (326-9411), Norwood (769-6687), Sharon (784-9000) and Medfield (359-7084)

DEPARTMENT OF VETERANS' SERVICES

The past year found the Veterans' Services office busy at work assisting Veterans and their families.

The blizzard of '78 added some extra activity in the office as Veterans who could not get to work were in need of assistance. The principle function of the Veterans' Service office is assisting veterans & their families under Chapter 115 of the General laws of the Commonwealth of Massachusetts. During 1978, seventeen veterans and their families were assisted under this program in the amount of \$19,776.67.

Another function of the office is helping veterans and their families file for various benefits from the Veterans Administration such as Widows and Childrens Pensions, Burial Allowances, Service Connected Compensation, Non-Service Connected Pensions, Grave Markers, Change of Address, Educational Benefits and Annual Income Questionnaires.

Blood Work--basic routine blood work for a \$2 fee; provided through Medfield State Hospital.

Hearing and Vision Testing--sponsored with other local organizations.

Vial of Life--emergency medical information program.

Social Security Counseling--provided monthly at the center.

Chore Service--non-technical tasks completed for low rate of pay.

Employment Provision for 50 years and older--through CETA.

Possible property Tax Rebate for homeowners 70 years and older.

Discounts with local merchants-Walpole Mall, Fernandes, etc.

Resource and Referral Agency--through the coordinator

Consumer Advocacy--through the coordinator

ANIMAL INSPECTOR

All premises where livestock is kept have been visited and inspected and comply with the regulations set forth by the Division of Animal Health.

All new animals from outside the state, entering herds, have been examined.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of rabies were found.

Photo by Faith Lawless.

NORFOLK COUNTY MOSQUITO CONTROL

The Operational Project integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	7,135 feet
Brush obstructing drainage cut	460 feet
Culverts cleaned and opened	32

Larviciding. Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	780 acres
--------------------------	-----------

Larvicide by backpack and mistblowers 325 acres
Adulticiding. The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Aerial U.L.V. adulticide application	0
Adulticide mistblowing from trucks	10,820 acres
Adulticide U.L.V. from trucks	13,104 acres
Catch basin application. Adulticide and larvicide	3,237

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 490 calls from residents for information and assistance.

HERITAGE AND NATURAL RESOURCES

WALPOLE HISTORICAL COMMISSION

The Walpole Historical Commission continues its preservation work for the town of Walpole and the state of Massachusetts.

The architectural survey is nearly completed. Walpole has many more architectural-significant structures than anticipated. Please take the time to fill out the Resident Survey Form if you did not do so last year. It will help us immensely.

We realize that the history of a town is very evident in the history of its schools and churches. At the present time we are compiling a history of Walpole's schools and their sites. Did you realize that there were three Fisher schools? If you have any information or pictures you'd care to share on the schools of Walpole, we'd be happy to look at them.

The Blizzard of 1978 has been documented by our Commission at the request of the selectmen. A copy will be available at the center library for reference.

Our Commission assisted the Town Forest Study Committee with the history of the town forest.

To better understand the cottage industries of the 1700s, we have been doing much work on the "Old Lime Stone Kiln Lot" in West Walpole.

(Because there is current archaeological theory that the so-called root cellars may have been built by Druids in 600 B.C., we have been studying the three we have located in Walpole. We have studied the Indian mortar along the Neponset River. We know that maize (corn) was introduced to this area in 500 B.C., and the local Indians were involved in agriculture around 800 - 900 A.D. There were two Indian tribes in this area. Walpole was the boundary between the

Massachusetts (Boston) and the Wampanoag (Rhode Island) tribes. Other alleged Indian mortars turned out to be glacial potholes. These are smaller versions of the famous Basin in the White Mountains - K.W.)

To become more knowledgeable and to obtain professional help, we have become a member of N.E.A.R.A., The New England Archaeological Research Associates. Some members have attended its meetings and receive its journal.

Walpole has been sited as one of the most active historical commissions in the State and has been asked to participate in a Spring Preservation Conference at Clark University in Worcester.

Our work continues to serve youth groups and students in Walpole's early history.

We remind residents that a form to help you search the deeds to your house is available through the Town Clerk's office or the Historical Commission.

We would like to work on a project of upgrading the Main Street downtown area in the near future.

A report was sent to the Permanent Building Committee regarding the high school renovations, including the Common Street facade. As in the past, The Walpole Historical Commission will make recommendations to the selectmen and the town administrator as well as other town agencies and boards concerning the protection and preservation of Walpole's historical assets.

We welcome comments, suggestions, and information from the citizens of Walpole.

CONSERVATION COMMISSION

The Conservation Commission is responsible for protecting and preserving the natural resources of Walpole, with its main efforts directed toward the town's watershed areas. To carry out its responsibilities the Commission acquires land through gifts or purchase, enforces the Wetlands Protection Act and the Inland Wetlands Act and coordinates with other town agencies in matters relating to natural resources.

Walpole contains approximately 1,500 acres of protected wetlands and flood plain scattered throughout the town. These areas under the jurisdiction of the Commission are being preserved in their existing state providing protection to the town's water supply as well as natural flood control.

During this past year, two gifts and one purchase increased the Commission's land holdings to 950 acres, enabling a portion of the Master Plan to be realized. These were: a gift of 4.5 acres in Cedar Swamp from Charles L. Guild; a purchase of 2.7 acres, also in Cedar Swamp; and the Flatley Company's gift of fifteen acres surrounding and including Coburn Pond. In 1978 the Commission also initiated negotiations for several large parcels of land and is in the final stage of acquiring one of the more valuable properties along the Neponset River.

The Commission's land holdings are for the purpose of conservation and passive recreation. Trails exist through many of these properties for the enjoyment of hikers, skiers, nature lovers, etc. These trails and the new recreation area at Coburn's Pond were established with the aid of the Comprehensive Education and Training Act. Maps of these areas are available through the cooperation of Walpole's libraries and the Recreation Department. The main library also has the Commission's Family Membership to the Massachusetts Audubon Society, available upon request.

The Commission holds public hearings in accordance with the Wetlands Protection Act, Gen. Laws Chap. 131, s. 40. This law requires that anyone intending to do work which may affect a wetland in any way must file a Notice of Intent and, if needed, an Environmental Impact Statement. With this information the Commission can determine whether or not a public hearing is necessary and under what conditions work may proceed.

The Commission meets regularly on the second and fourth Wednesdays of each month at the Town Hall with the public cordially invited.

TOWN FOREST STUDY COMMITTEE

The Walpole Town Forest established in 1916 consists of approximately 360 acres. The forest is made up of 22 parcels of land, some of which were specifically deeded to the Town to be used as a Town Forest while others were obtained for water purposes, tax taking, for conservation and with no restrictions.

Nowhere could we find a complete listing or description of what is considered to be the official Town Forest.

The Study Committee recommends that the parcels listed in the report all be made part of the Town Forest, except for the land which is currently being used by the High School for playing fields, the DPW Garage, and the School Administration Building. It further recommends that the Board of Selectmen prepare a map of the Town Forest to be presented to the Town Meeting for approval as the official Town Forest Area. This will place other local agencies on notice that if they desire to use Forest land they must obtain Town Meeting Approval.

The Study Committee was asked to make a recommendation for the legal protection of the Forest. It appears that the only way to protect and preserve the Town Forest is by some local method since there does not appear to be any Federal protection available and State protection is limited. The Study Committee recommended that the Town Forest be placed under control of a local agency such as the Conservation Commission.

Since the Conservation Commission was an existing agency whose duties closely relate to the needs of the Town Forests, it was recommended that the Forest be placed under their control. An alternate recommendation would be to appoint a permanent Committee to oversee the Town Forest. This committee could formulate a forest management plan which could take into account the uses and activities of the Forest. A citizens committee would be at no expense to the Town and could be a central clearing house for all agencies and groups to go to.

A Forest Management Plan for the Town Forest was recommended. As a minimum this plan should include the harvesting of trees, clean-up and disposition of dead wood, clean-up of man-made debris, and recreational uses.

In summary, the following recommendations were made:

- a) Establish the boundaries of the Town Forest
- b) Place the Town Forest in the care of a permanent agency.
- c) Establish a Town Forest Management Plan.
- d) Establish recreational uses of the Town Forest
- e) Acquire additional property.

TOWN SERVICES

DEPARTMENT OF PUBLIC WORKS

The Department of Public Works is organized and staffed as follows: Peter Boghossian, Director of Public Works/Town Engineer; Pasquale Marino, Supt. of the Highway and Park Division (28 positions); James Clerici, Supt. of the Building Maintenance Division (13 positions); Sewer and Water Division (12 positions); Bennet Gove, Supt. of the D.P.W. Maintenance Division (4 positions); John Rhoads, Assistant Town Engineer (4 positions); clerical staff (3 positions). Our total operating budget for this year was nearly two million dollars, approximately 43% of which was expended for salaries.

The year of 1978 will long be remembered as the year of the great blizzard. The average total snow accumulation for the February 6 storm was 36 inches; the total water content of the snow was measured at 3.22 inches. According to the best available meteorological records, the storm was the largest of its type, in this area, in more than a century. A "State of Emergency" was declared by the Board of Selectmen which lasted for a one week period through Sunday, February 12. During this period, only emergency vehicles were allowed on the public ways, and a regularly scheduled bus transportation system was established within the Town. All public schools were closed from February 7 through the 10th; the Senior and Junior High Schools were opened on February 13, elementary schools for the 4th, 5th, and 6th grades were opened on February 15, and all schools were opened on February 27. For the first week of the storm, civil defense assistance and the bare necessities of life - food, shelter, and warmth became paramount. Townspeople began walking the streets, talking and assisting one-another in a great spirit of community friendship and cooperation.

Federal cost participation in snow plowing and removal operations was nearly 45% of total costs, and came from two sources. Certain eligible work from the time period between 12:01 A.M. on February 7, to midnight February 10, was reimbursed through the Massachusetts Department of Community Affairs at 75% of actual costs incurred; this reimbursement amounted to about \$85,000. Certain eligible work from the time period of 12:01 P.M. on February 11, to 8:00 A.M. on February 18 was paid directly by the U.S. Army Corps of Engineers; total direct payments amounted to about \$108,000. It is estimated that the total cost of public snow plowing and removal was approximately \$430,000. After deductions for the two federal cost sharing programs mentioned above totaling \$193,000, the net cost to the Town of Walpole was approximately \$237,000.

An aftermath of the great blizzard was the substantial amount of damage and repair work to both public and private property necessitated as a result of the snow plowing and removal operations. Items damaged include the following: privately owned fences (74); steel beam and concrete post and cable guard rail (16); fire hydrants (26); numerous stone walls, mail boxes, lawns, and shrubery. Repair costs for all of the above items were all borne by the Town at a cost of nearly \$30,000. Federal reimbursement for snow damage only covered losses to public buildings; under this program \$2,550 was received to replace the damaged radio tower at the High School.

The total snowfall for the 77-78 winter season was 90 inches (highest in over three decades) with monthly accumulations as follows: December, 8 inches; January, 28 inches; February, 36 inches; and March, 18 inches. Division reports follow.

D.P.W. Maintenance Division

The Maintenance Division is responsible for maintenance and repair work on all Town-owned vehicles and miscellaneous equipment (excluding fire engines). Regularly scheduled maintenance was performed on forty-eight motorized pieces of equipment operated by the Department of Public Works and Cemetery Department, five automobiles assigned to various Town departments, seven police cruisers, one ambulance, Dog Officer's truck, Civil Defense Van, and two Fire Department automobiles. Also maintained were the auxiliary engines at the five water pumping stations and water treatment plant, and all other miscellaneous D.P.W. equipment including two traxcavators, sewer rodders, centrifugal and diaphragm pumps, natural gas and diesel engines, portable generators, a welder, and flail and rotary mowers.

Major repair work performed during the year included: one engine and valve job; two transmission and two differential overhauls; two clutch jobs; fourteen brake jobs; body repairs to several vehicles; painting of several trucks and sanders. Welding repairs were also made as necessary on sanders, snow plows, sidewalk plows, backhoes and loaders. New equipment purchased was inspected for compliance to advertised specifications, and prepared for operation.

Emphasis placed on preventive and routine maintenance has been continued, and as a result we are experiencing fewer breakdowns and fewer major repair work. This program has helped us stabilize repair expenses despite greatly increased costs of automotive parts and supplies, and contractual repair service.

Photo courtesy Walpole Times.

Photo courtesy Walpole Times.

Highway and Park Division

The Highway and Park Division is responsible for maintenance of streets, sidewalks, storm drains, traffic signs and lights, snow and ice removal operations and maintenance of grounds at all public buildings, parks, playgrounds, playing fields, commons, and grass strips along roadways.

A total length of approximately five miles of the following secondary roads were prepared and resurfaced with liquid asphalt and stone: Cascade Terrace, Clark Avenue, Riverside Place, Carpenter Road, Marguerite Road, Hutchinson Road, Bonnie Road, Diamond Street, Winthrop Street, Vane Street, Haynes Street, Bellingham Street, Dudley Street, Huntington Avenue, Broad Street, Harvard Street, Pearl Street, Park Lane, Garfield Street, Dartmouth Road, Woodland Road, East Jr. High School roadway. The following streets were resurfaced with bituminous concrete: Summer Street, Washington Street to Railroad (760 feet), Coney Street, Pleasant Street to Traphole Brook and Park Lane to Route One (780 feet), Washington Street, High Plain Street to Stone Street (5180 feet), Stone Street, Mass. Avenue to Washington Street (1840 feet), West Street, Main Street to Station Street (420 feet). The following streets were surfaced with emulsion mix (a mixture of sand, 3/8" stone aggregate and liquid asphalt): West Street-Cedar Street to Norfolk Line (5980 feet), Mylod Street-Main Street to railroad bridge (3535 feet), Willett Street (780 feet), Bullard Street (800 feet) North Street-Fisher to Old North (5180 feet) Brook Street (1790 feet).

Other highway related work performed during the year is as follows: mechanical sweeping and cleaning of all streets, bituminous concrete patching of countless potholes and utility trenches, and application of approximately thirty-five miles of pavement markings. Storm drainage projects include repair and or new construction of more than 25 catch basins under contract, and cleaning or "rodding" drain lines where necessary. A total of 246 new traffic and street signs were either made, or purchased and installed.

After eleven years of use, our sanitary landfill off Lincoln Road was closed as a landfill at the end of October. Under contract, all but a small area of the entire site was covered with an impervious material first and then with loam. A temporary "mini" transfer station has been constructed at the site. Under contract, trailer type open top bins are made available at the site for the deposit and transport of solid waste. Industrial waste and "packer" trucks are not allowed to use the facility. In addition to the waste collected at the transfer station, combined weekly rubbish and garbage collections are disposed of at a sanitary landfill site in Plainville, Mass.

Nearly one hundred acres of parks, lawns, and playing fields throughout the Town were maintained on a regularly scheduled basis. Other miscellaneous work includes the cutting of grass and brush along

roadways, maintenance of trails and removal of brush from the Town Forest, the leaf collection program, planting of about 60 trees alongside roadways, and removal of dead trees.

Building Maintenance Division

The Building Maintenance Division is generally responsible for repairs and upkeep, capital improvements, and proper operation of all electrical, plumbing and heating systems in all public buildings. Specific building maintenance and improvement projects are reviewed and evaluated by the Permanent Advisory Building Maintenance Committee, and incorporated into the operating budget. At an annual cost of approximately \$165,000, heating fuel for all public buildings is our largest single expenditure, and comprises About 30% of our total budget. Energy conservation is a prime consideration, and to this end, we are continually updating our mechanical, plumbing and heating systems. Results of our efforts are significant, as evidenced by a 33% decrease in the number of gallons of fuel consumed per degree day (92.75 vs. 62.39) over the five year period 1972-73 to 1977-78 shown below:

Vandalism damage costs have continued to decrease, because of the many preventative measures taken by the Division; these include glass replacement with a non-breakable substitute, security screens, security alarms, and security patrols at all public buildings. The addition this year of a full time licensed plumber and electrician to the Division has resulted in a most useful and beneficial capability never realized before, as well as very substantial cost savings to the Town. Countless numbers of repairs and maintenance work utilizing all major building trades were made in all buildings; some of the more important items of work are listed below by buildings or categories:

Bird School Replaced balance of incandescent light fixtures with fluorescent fixtures; installed second half of attic; painted part of building exterior; installed slop sink and electric heater in Room 2; installed window shades; repainted wrought iron railings; installed wire glass in cafeteria; installed public address system and vandal alarm.

Boyden School Repaired wood floors; installed new shades; painted exterior; painted sills in new section; installed vandal alarm; replaced one boiler section.

East Jr. High Replaced floor tile in four areas; repaired roof leaks in gym and rooms 211 and 212.

New Fisher Painted part of interior; repaired roof leak in room 101; repaired roof in rooms 120 and 020; replaced light and pole in parking lot; installed phase protection.

Photo courtesy Walpole Times.

Photo courtesy Walpole Times.

Senior High School All the budget items are being held in lieu of a new renovation program.

Old Post Road School Painted all outside doors and casings.

Plimpton School Repaired Cupalo.

New Stone School Installed Karouk chaulkboard facing in several rooms; new shades have been installed; replaced tile floor in teachers' room; installed two vandal lights on front of school; electrical renovations in cafeteria.

West Jr. High School Painted 4 classrooms; installed cased opening and door in Administrator's Office; installed metal lockers.

School Administration Building Repainted and siliconed complete foundation.

Blackburn Hall Replaced all incandescent fixtures with fluorescent fixtures; installed new stair treads in west stair well.

Town Hall Painted part of interior and exterior; replaced incandescent light fixtures with fluorescent fixtures to conserve energy; installed carpet in reception office; cleaned granite foundation.

D.P.W. Buildings Replaced lower panels in (2) doors; replaced overhead door in old storage shed; installed fire alarm system.

Sanitary Landfill Building Installed security screens.

Center Fire and Police Station Replaced incandescent fixtures with fluorescent fixtures to conserve energy; installed air conditioner.

South Fire Station Installed new sink and shower and painted bathroom; replaced broken glass with Lexan.

East Library Installed new gutter.

Fence and Fence Repair Repaired chain link fence at various locations.

Heating Systems Cleaned and adjusted all oil burners and boilers; recalibrated all thermostats in all buildings.

Water and Sewer Division

The Water and Sewer Division is responsible for the operation and maintenance of the Town's water supply and distribution system, and the sanitary sewer system. In compliance with State Regulations, six water samples collected weekly, and samples from each well collected monthly, are sent to a certified laboratory for specific testing. Water samples are tested monthly by the State for flouride concentration. Water is tested daily at our Water Treatment Plant primarily to determine proper iron and manganese removal levels, and for other parameters. Other than general operations and maintenance work, the following new construction and miscellaneous work was completed:

Number	Description
26	New 3/4" water service installations
9	Renewal of 3/4" water services
4	New 1" water service installations
2	Renewal of 1" water services
5	New 6" diam. water main connections

Grand Total	787,253,700
Average daily production	2.16 Mill. Gal.
Maximum day pumped 7/12/78	4.61 Mill. Gal.

Industrial and commercial users of water were billed for a total of about 171 million gallons of water for the calendar year. Residential consumers used 365 million gallons, and Town owned properties used about one million gallons of water for the fiscal year. There are a total of 5009 water meters in service, in the system, an increase of 52 meters over last year. For the first time, water billing and sewer use charge billing was accomplished by our staff using our own "in house" computer. This billing process has resulted in substantial cost savings to the Town.

With the additional of 0.86 miles of gravity sanitary sewer mains constructed this year, the system now has a total of 37.34 miles of sewer mains. 55 new sanitary sewer building connections were added to the system making a total of 1659 connections in service at the end of the year. For the first time, the State Division of Water Pollution Control has mandated a program of elimination of extraneous flows (infiltration, inflow) from our public sewer mains. Some work has been done in this area, but considerable work remains at substantial expense. Our septic waste disposal site is used by 21 licensed vendors having a total of 28 vehicles. A total of 1982 loads originating from outside of Walpole were billed to vendors for the year.

Engineering Division

Survey, design, contract plans and specifications and resident engineering services were provided for the following contracts: Common Street-Washington Street Traffic Signals, High Street Reconstruction, Bituminous Concrete Sidewalks-Stone Street and Thornell Avenue, Cement Concrete Sidewalks-Washington Street East Walpole Center, Storm drains Bullard Street, Congress Street, Federal Street and Mert Street, chain link fences-Stone School and West Junior High School and Clay and Sod basefield infield and the West Junior High School. Additionally contracts were prepared for Bituminous Concrete Street Resurfacing, casting adjustments and 3 contracts to provide materials to produce a bituminous emulsion mix. The Winter Street Reconstruction and the Old Post Road Sewer Contracts started in 1977. were completed in Spring 1978. The sewer assessments for Old Post Road were computed.

Written reports were submitted to the Board of Appeals with respect to engineering criteria and compliance to the provisions of our Zoning By-Laws in the following categories: non-residential site plan (17), special permits for flood plain construction (2), multi-family (3) and miscellaneous (2).

All necessary engineering data and recommendations on subdivision control matters were provided for the planning Board. A total of 37 written reports were submitted as follows: 2 for preliminary subdivision plans (43 lots total), 9 for definitive subdivisions plans (132 lots total), 15 for bond

determinations and 11 for miscellaneous inspections and reports. Periodic inspections and construction monitoring was provided for all subdivision in an active state. At the end of this calendar year there are 22 developments comprising 511 lots of land under some stage of subdivision control and jurisdiction of the Planning Board as indicated below:

22 Residential Subdivisions	418
1 Industrial Subdivisions	11 lots
5 Preliminary Subdivisions Plans	82 lots

The following Town maps were updated and reproduced for distribution purposes: street, zoning, governmental lands, conservation, inland wet-lands, sewer and water, street acceptance plans, layout descriptions, and taking orders were prepared and recorded in the Norfolk Registry of Deeds for Blueberry Lane, Briarwood Lane and Old Farm Road. Other areas of study and effort include the preparation of utility easement and taking plans with descriptions for recording purposes, storm drainage studies and problem investigations, numerous various construction cost estimates and various compiled plans, when required Town property lines and easement surveys were provided.

The blizzard of 1978 had a major impact on the workload of the Engineering Division, by virtue of our participation in administering the Federal and U.S. Army Corps of Engineers snow removal programs. From data gathered, it was determined that 11 contractors qualified for Corps reimbursement, and 17 contractors qualified for Federal reimbursement. Daily field inspection forms for each contractor were furnished to the Corps of Engineers with the following data: type of equipment used-make, model no., and capacity; hours worked; contractor's supervisor; work location; and work accomplishments. A very considerable amount of time was also spent in assisting contractors to log their "eligible" hours and itemizing their bills for reimbursement. In order to repair damage done by the snow removal operations, contracts for "Installation and Repair of Various Wooden and Chain Link Fences" and "Steel Beam and Cable Guard Rail Repairs" were prepared and executed by this Division. Requests for quotations were sought and received for masonry wall repairs and for shrubbery and other miscellaneous planting restorations.

strued during the year is categorized below:

PURCHASING DEPARTMENT

The Town instituted a central purchasing system in 1974; and in recognition of the importance of the purchasing function, a separate department was established in 1976 within the office of the Town Administrator, and the position of Assistant Purchasing Agent was created. The Assistant Purchasing Agent is responsible for the day-to-day administration of the Purchasing Department under the direction of the Town Administrator, who is by Charter the Purchasing Agent for the Town. This department processes requisitions and issues purchase orders for all Town departments, and is also responsible for obtaining written and verbal quotations, preparation of contract specifications, administration of the bid procedure and inventory control. During this past year, the Purchasing Department has been involved in the purchases of materials and services, ranging from office supplies to vehicles to equipment service contracts. A total of 2,553 purchase orders were processed, over 7,000 written and verbal quotations were obtained and bids were received for approximately 100 items.

Much progress was made in 1978 in establishing an inventory control system which is essential to a sound purchasing function and also provides relevant data for budgeting and insurance purposes. Also during 1978, the recordkeeping system of the Purchasing Department was reorganized so that necessary historical and current data relative to materials and supplies, vendors, prices and inventory control is available when needed by all department heads, as well as this department. In 1979 we hope to improve upon the recordkeeping system in a manner which will provide better cost comparison and cost analysis abilities which will enhance the Town's position in the area of purchasing. Also, this department will continue to assist departmental personnel in the proper procedures necessary to maintain a viable purchasing system and which will allow for a continued increase in the efficiency of this department.

It remains the primary objective of this department to provide a competitive system that ensures as best as possible that every dollar spent for materials and services is done so in such a manner so as to realize the maximum benefit for the Town by purchasing the proper and highest quality items at the best possible prices.

RECREATION DIRECTOR

The Recreation Committee has the responsibility of providing Recreation Programs for all Residents of Walpole. The Committee also has plans for future areas under consideration for Recreation Complexes.

This years Board Members are: J. Chauncey Smith chairman, Dorothy Morgan, Paul Cuomo, Stephen Kiley and Frank Brown. Associate Members: Marjorie Smith, Lois Collins, Joseph Betro and School Representative Ms. Susan Maguire, Recreation Director Dominic A. Baldassari.

The trend towards leisure time activities continues to grow rapidly. The Recreation Department, in keeping up with this trend will be seeking more sites, to plan for the needed fields, Tennis courts and Basketball playing areas, to keep up with the ever growing demand from our Citizens. Once again the Recreation Department would like to give thanks for the support given by the various Town Agency's for the cooperation given during the year.

The Recreation Employees are all part time workers who pledge to continue our work to provide good programs for Walpole Residents.

Recreation Booklets discribing various activities may be picked up at the Recreation Office or at any Walpole Public Library.

WEIGHTS AND MEASURES

The following is a summary of this department's activities during 1978:

*Units Tested	429
Units Sealed	415
Units Condemned	14
Units Adjusted	69
Fees Collected	\$1,264

Surprise spot-checking, reweighing inspection of essential food items were undertaken as usual. In addition periodic determinations were made to ensure compliance with the unit pricing directives.

* Units include but are not limited to scales, balances, weights, gasoline pumps, and oil truck meters.

PLUMBING INSPECTOR

Four hundred twenty-two (422) Plumbing Permits were issued during the year 1978.

All complaints were investigated.

At this time, I wish to thank the Board of Health, Town Administrator, Building Inspection Department and their staff for cooperation given to me in carrying out the duties of Plumbing Inspector.

GAS INSPECTOR

During the year 1978, 263 gas permits were issued.

I have worked closely with the building and plumbing inspectors in the investigation and handling of all complaints.

TOWN REPORT COMMITTEE

After several years of designing the covers of the Report, George Marshall submitted his resignation. His work on the committee has been much appreciated and will be sorely missed on future reports.

Due to the increased demand for copies of the Town Report, it was decided to increase the press run to 3,000 copies for the 1978 Report.

Because of the resignation of Mr. Marshall and the expiration of the term of another member, there existed two vacancies on the committee. Frank C. Guida was appointed to fill one of those openings. If you think you might like to serve on this committee, contact the Selectmen's office or the chairman of the committee.

When it was decided to make the Blizzard '78 the theme of the Report, a notice was published asking for pictures. The committee would like to thank the following citizens who submitted pictures for our use. They were Richard Cleveland, Faith Lawless, Helen Moody and Robert Upton.

We would also like to thank the Walpole Times for their cooperation and for giving us permission to use pictures from their files.

Photo by Robert C. Upton.

INSPECTOR OF BUILDINGS

The total number of building permits issued in 1978 was approximately the same as in 1977. The value of permits dropped 4%. Increased activity in wood stove installations, home repairs, alterations and additions was noted at 15% higher than the year before. There were fewer housing starts in 1978, however, several new subdivisions nearing the approval stage indicate a similar level of activity for 1979. The following chart compares building permit applications with 1977 levels.

	1977		1978	
	No. Permits	Estimated Value	No. Permits	Estimated Value
Single Family Dwellings	93	\$2,405,000	79	\$2,181,100
Two-Family Dwellings	1	55,000	1	30,000
Multi-Family Dwelling Units (52 units)	7	1,065,000	8	1,320,000
		(64 units)		
Multi-Family Foundations	6	60,000	—	—
Residential Additions	40	157,225	70	270,350

Total	396	\$5,314,475	402	\$5,120,650

Building Permit Fees Remitted to Treasurer were	\$22,200.50.
Gas, Wiring, Plumbing Fees Remitted to Treasurer were	10,060.00
Total	32,260.50.

The Inspector of Buildings in his capacity as Zoning Enforcement officer, responded to various complaints regarding unauthorized business activity. This office also directed applicants through the Zoning Board of Appeal process and responded to questions on Flood Plain districts. Clarification of permitted uses within the various districts is an on-going activity. Gerald Couto, our Building Inspector since 1976, resigned in early December 1978. Philip Winsor, deputy inspector, has been serving as Interim Building Inspector and Zoning Enforcement officer since that time.

STREET NAME COMMITTEE

Despite cancellation of several meetings due to the winter weather and meeting conflicts, the Street Name Committee carried on its general business with developers and the Planning Board, laboriously completed an authoritative file of every street, and encouraged the Town of Norfolk to change Bird Street to Highland Lake Drive.

Charles Hardy, Chairman
Tony Abril
Julia Cesareo
Grace Stornati
Eva Thomas

FOUR SEASONS ARENA STUDY COMMITTEE

The Four Seasons Arena Committee continued its study of the "Need and Feasibility" of the Town purchasing the Arena. Early efforts were directed at the study of projected operating costs and maintenance costs. For the major portion of this two consultants were hired, one to evaluate the ice making equipment, and the other to evaluate the real estate including the structural soundness and property values. Both of these studies were completed and will form the significant data for the final report to the Selectmen.

Correspondence with several surrounding towns was initiated to endeavour to find interest in use or perhaps purchase cooperation. These efforts showed little to no interest.

During the Fall and early Winter a certain amount of interest developed from some Walpole residents that had not shown earlier in the study. This interest may form the basis for some future activity.

The Committee has basically completed its deliberations and the final report to the Selectmen will be forthcoming in early 1979.

128 WEST RESOURCE RECOVERY COUNCIL

Walpole continues as an active member of the 128 West Resource Recovery Council, a voluntary association of communities in the central section of eastern Massachusetts whose objective is to establish a cooperative solid waste disposal and resource system. In the past year Council membership has grown from 28 to 41 communities (including Boston).

A request for proposals for a regional processing facility(ies) was issued on August 14th. The following twelve companies have expressed interest in submitting proposals:

Aenco, Inc.
Americology Division, American Can Co.
Browning-Ferris Industries, Inc.
Combustion Engineering Inc.
Envirotech
Grumman Ecosystems Corp.
Occidental Resource Recovery Systems, Inc.
Parsons & Wittemore Corp.
Resource Recovery Associates
UOP Inc., Environmental Systems Group
Wheelabrator-Frye Inc.
Widmer & Ernst Inc.

Proposals will be received on March 16th by the Massachusetts Bureau of Solid Waste Disposal on behalf of the 128 WRRRC, and will then be evaluated by the Council with the assistance of consultants and the State to select the company (or perhaps companies) with whom contractual terms will be negotiated.

Once the contractual terms have been negotiated with the processing site and transfer-haul operators, the costs of the regional approach should be fairly predictable. Harder to predict are the projected costs of operating the present disposal methods in conformance with increasingly stringent state and federal regulations. Of particular concern is the Federal Resource Conservation and Recovery Act of 1976, the requirements of which are gradually being implemented, and which may well make the costs of operating a conforming landfill prohibitive. The town will have to estimate these projected costs in order to provide a basis for comparing the relative long-term costs of regional and existing alternatives.

The decision whether to undertake a long-term (20 year) contractual commitment to a regional processing facility may not be an easy one for communities that still have such alternatives as a town landfill.

A tempting approach is to use existing facilities as long as possible, and only then to affiliate with a regional system. Attractive as it may appear, this approach is not without risk. When enough communities have committed themselves to guarantee the target daily tonnage to a regional facility, the contractor will proceed to construct a facility sized to accommodate the anticipated load. Because such a facility does not have unlimited expansion capacity, it may not be able to accept additional late comers. It therefore behooves those who wish to participate to sign up early. This, unfortunately may preclude using the present facilities until they are filled up and then joining a regional system. One must decide in 1979(80) whether to make a 20 year commitment to a system that will not be available until three years later.

If system selection and contract negotiations proceed faster than expected, it may be necessary to convene a special town meeting in the fall to consider affiliation with a regional system. At the moment it seems far more likely that the questions will appear on the 1980 warrant.

SCHOOL COMMITTEE

As an elected board, the School Committee's duties and responsibilities are specified by the laws of the Commonwealth and the Walpole Town Charter. For the most part the activities and achievements of this year as they relate to the regular educational process are addressed in this Town Report through the administrative report of the Walpole School Department.

Recognizing the benefits of community acceptance, the School Committee has made a concerted effort to improve the lines of communication between the school system and the community. We have increased our efforts to get broader participation from parents, citizens-at-large, and closer cooperation with other Town boards. A variety of committees and sub-committees have assisted the School Committee in an advisory capacity or in gathering information.

Every school in Walpole now has a parent group working with staff and students to enhance the educational atmosphere and accomplishments of each school. Parents have, also, taken an active role on the Curriculum Council, the Basic Skills Study Committee, the Health Education Curriculum Committee, and the Chapter 766 Advisory Committee.

As it has become necessary to introduce new programs, review existing situations, and study solutions to problems, the School Committee has sought the assistance of staff, parents, and citizens-at-large. This kind of participation is evidenced by the work completed and on-going of the School Transportation Study Committee, the Recess Study Committee, the Task Force on School Re-organization, and the Media Study committee.

In September, the School Committee created a Superintendent's Screening Committee as the preliminary step of a search for a new superintendent of the Walpole schools. This committee was composed of two students, two citizens, two teachers, two School Committee members, and one administrator; the work of this committee greatly assisted the School Committee in its final deliberations resulting in the January, 1979 appointment of Robert D. Basssett to the position. The time and dedication displayed by all parties to the filling of this position has been a testament to the community's recognition of its importance. In view of the outpouring of citizen opinion regarding the superintendency, it is evident that the channels of communication are open and that the community recognizes the fact.

For anyone who would like further information on the policies of the School Committee, printed copies of our policy manual are available for reading at the media center in each school. The School Committee takes great pride in its policy manual because it is felt that the manual is one of the most complete in the state.

The Walpole School Committee is grateful for the assistance from the community and the spirit of cooperation which has been displayed this year. We look forward to a continuation and improvement in our efforts to make effective communication a part of good government in Walpole.

SUPERINTENDENT OF SCHOOLS

The high quality of the educational program of Walpole Public Schools continued throughout the entire year. In keeping with the goals and objectives set by the School Committee, a special emphasis was given to the teaching of basic academic skills at all grade levels.

I was asked by the School Committee in September to serve as both Assistant Superintendent and Acting Superintendent of Schools for the remainder of the calendar year. During this period of transition, it was obvious that it is the excellence of our current teaching support staffs that sustains the on-going excellence of our school system.

The ability of our staff became particularly apparent on February 7th!

Blizzard Produces Flexible Schedule

With the rapid accumulation of snowflakes during the forenoon of February 7th, students were dismissed from school at noon. Who could imagine that some students would not be returning to schools until nearly three weeks later on February 27th!

It was not until the following Monday, February 13th, that students in the Junior and Senior High Schools were able to return to school. Elementary schools remained closed because of the dangerous walking conditions. On Wednesday, February 15th, students in grades 4-6 returned to school, while their younger brothers and sisters were kept home for fear that the smaller children could not be seen among the high snow banks by passing motorists. The week of February 19th remained the regularly scheduled vacation week.

While the monumental task of snow removal was left to the town, the school staff accepted the challenge of providing "flexible school programming" with great skill and imagination! Coupled with 3 days which all students had lost during an earlier January storm, the loss of 4, 6, and 9 days in Grades 7-12, 4-6, and K-3 respectively, teachers applied themselves diligently to the task of playing "catch up."

Noteworthy during this period was the effort of teachers having students in Grades K-3. They prepared and sent home individual "learning packets" for students during that time that older brothers and sisters had returned to school. Parents, too, helped

out. Because many sidewalks still remained to be plowed even following the February vacation, many parents volunteered to drive students to school throughout the early part of March.

Much discussion centered upon how late in the school year schools would have to remain in session in order to complete the 180 minimum school year. Eventually the State's Commissioner of Education waived four of these days. Schools continued in session until June 26th. This was later in the month than anyone could previously recall. Teachers, students, and parents had survived! Through determination, hard work, and imagination the work which had been missed during the blizzard was made up. All would be ready to do it again, if necessary, but hopefully not for another 100 years!

Effects of Decline in Student Enrollment

The September enrollment of 3866 students was 242 less than last year and 1182 less than the peak enrollment of 5048 students in 1973. During the 1960's many of the efforts of the School Committee and Superintendent of Schools had been directed to meeting the additional building needs required to house the increasing student enrollment. Today, due to the declining enrollment, it might have been anticipated that the work load of the School Committee and Superintendent would be more closely directed to improving the quality of educational programs. In fact, the opposite would seem to be the case.

High School to be Renovated. In 1966, the School Department took under study the space needs for the 1200 students in grades 10-12 at the High School. Because population estimates indicated continual growth of the town's student enrollment, studies were undertaken to plan the construction of a new four-year school. When changes in the birth rate began to be noticed, it appeared that after a "bulge" of students went through the high school, that it would be sufficient to add an addition and renovation to the present school. The projection of high school students declined further in the early 1970's when the town voted to enter a regional vocational high school district. On June 19th of this year, twelve years after beginning its study, the town voted nearly four million dollars to renovate its existing high school.

Grade Level Reorganization

After prolonged discussion, the School Committee voted to include grade 9 at the high school upon completion of the renovation. In turn, the current 6-3-3 grade level organizational pattern will be changed to a 4-4-4 pattern with the so-called "middle school" housing grades 5 - 8.

Additional Closing of Elementary Schools

Following the closing of the Old Stone School in June 1977, the Committee voted to reduce further its

elementary school buildings. In the spring of this year, the Committee voted to close the Plimpton School in 1979. Despite the complications of re-districting a school district, the extensive parent involvement this fall in considering various alternatives of re-districting patterns enabled the Committee to make this decision a reasonably painless one. Subsequently, the Committee voted to close the Bird School simultaneously with the move to the 4-4-4 grade level reorganization.

Staff Reductions

The decline in student enrollment has enabled a reduction of classroom teachers primarily at the elementary school level from a high of 101 teachers in 1974 to a current 76 teachers. Continued student decline found the Committee deliberating at length the reduction of personnel not only within the classroom, but also from the administrative level and the pupil personnel department and media department. The Committee voted in November to reduce its staff next year by a net of 13.5 staff.

In 1977, the Committee voted to reduce its elementary school teacher aide budget by one-third for the 1977-78 school year. After a lapse of more than a year, a decision is still pending relative to the contractual procedures by which the Committee has to make these reductions.

The interrelationship between the reduction of teacher aides and the potential increase of recess duty coverage by teachers has found the School Committee engaged in but another issue indirectly related to the decline in student enrollment.

The anticipation of further staff reductions has created a growing concern as to how a reduction in force (RIF) take place. This issue, along with staff salaries, now constitutes a major item in teacher contract negotiations.

Budget Impact

A decline in student enrollment might suggest a corresponding decline in the monies necessary to budget each year to maintain the quality of Walpole's educational program. To the contrary, however, inflationary costs have more than offset the effects of student decline. The Town Meeting in April, on recommendation of the town's Finance Committee, failed to approve the School Committee budget request for the 1978-79 school year. Finally in June, when the School Committee voted to reduce its budget by an additional \$117,000 the Town Meeting approved the school budget.

Future Impact

For at least the next decade, barring an unforeseen building spurt within the town, a student enrollment decline is inevitable. In contrast to this year's enrollment in Grade 12 of 334 students, today's kindergarten enrollment is 220. The current birthrate

appears to have leveled off at approximately 160. Maintaining educational excellence during a period of student decline is the challenge of the future.

Ahead lie still further school closings, further reviews of grade level organization, greater staff reductions, and budget debates. This year as the School Committee and staff openly discussed with parents and citizens the implications of these issues, it was clear that there exists both the desire and ability to resolve these matters harmoniously. Walpole has not lost sight of the importance of wanting and needing to maintain excellent schools in the future. Students and community are both the beneficiaries of an excellent public school system.

As I begin my first full year as your new Superintendent of Schools, I look forward to the continuation of the process by which the entire community participates in meeting the challenge of maintaining the excellence of her schools. Our students deserve no less.

PUPIL PERSONNEL SERVICES

Pupil Personnel Services (PPS) continues to be responsible for all special education services and for regular education services in guidance, health, reading, and standardized testing.

Although general enrollment figures have declined, the number of students receiving special education services has remained relatively stable over the past three years. The following counts of students indicates those receiving special education services on October 1 of each year: 1976 - 523, 1977 - 515, 1978 - 533. Program design for such students continued to be flexible. The pre-school program, conducted at the Fisher School for children with special needs who are 3 and 4 years of age, was continued and strengthened. Students in The Life Preparation Class for older students made advances in their skills and plans were made to place them in sheltered workshop settings. Consequently, The Life Preparation Program was phased out.

All youngsters entering kindergarten were screened in required areas. As a result of that screening, 30 pre-kindergarten students took part in the federally funded Title I program during the summer. Additionally, screening procedures for 3 and 4 year olds were strengthened with the addition of a special hearing test called impedance audiometry. This procedure objectively detects middle ear problems in children. Information obtained from this procedure allowed parents to take corrective action in several cases.

As reported last year, PPS has made significant strides in maximizing state reimbursement for special education in the past few years. Because of the new formula for state aid to education, no report can be given as of this writing about the most recent rate of reimbursement since the state, which usually releases

that information to the Town in November, hasn't yet released the figures.

It may be of interest to some to note Massachusetts ranked 4th among all states in percentages of special needs students during this past year and 47th in percentage of state aid to education.

Walpole's own Reading Program has been implemented in all elementary schools. Each student participates in an individualized reading program in which skill instruction is determined by demonstrated accomplishment on specific tests with students being taught only those skills they have not mastered. Our students are tested in grades 5 - 8 with standardized achievement tests. These tests indicate that our students continue to score above national averages in reading and other areas as well.

Guidance Counselors and Nurses continue to be members of the Core Evaluation Teams required by Chapter 766 in addition of maintaining all regular guidance and health services for all students normally expected from the Department. As an example of that, guidance counselors at the High School assisted in the post-secondary education placement of approximately 60% of the graduating class.

As the system's enrollment continues to decline a major challenge for PPS will be to continue to provide high quality mandated and expected programs for a smaller number of students with a smaller staff. Such circumstances require flexibility, creativity, hard work, and a high degree of professionalism. PPS staff members remain committed to efforts required by such circumstances.

Japanese tea party at Boyden School.

FALES AND LEACH SCHOLARSHIP AWARDS

1978 Fales and Leach Scholarships were awarded Wednesday evening, December 13, 1978, to thirty-one Walpole High School graduates currently attending institutions of higher education.

These awards totaled \$6,450.21 from the income established by the Fales Scholarship Fund in 1931 and \$16,205.80 from the Leach Scholarship Fund established in 1960.

The scholarship winners are:

Leach:

Elizabeth Beise attending Carleton College
Sharon Benson attending Southeastern Massachusetts University
David Clark attending University of Lowell
Eleanor Cole attending Smith College
Laura Coyle attending Bates College
John Donnelly attending Colgate College
Patricia Dumphy attending Duke University
Colleen Foley attending University of Massachusetts
Gayle Hanson attending University of Massachusetts
Barbara Heath attending College of William and Mary
M. Carolyn Johnson attending Bates College
Irene Mackun attending Wellesley College

Laura Parent attending University of Massachusetts
Julie Rockwood attending University of Virginia
Charles Ross attending Boston University
Roberta Schreiber attending Boston University School of Law

Ross Varney attending Williams College
Eileen White attending Simmons College

Fales:

Thomas Casey attending College of the Holy Cross
Janice Connolly attending College of the Holy Cross
Kathryn Conroy attending Northeastern University
Karen Crown attending attending Boston University
William Golding attending Northeastern University
Lisa Guay attending College of the Holy Cross
Susan Johnson attending Acadia University
Debra Lecke attending Rensselaer Polytechnic Institute
Sharon McMahon attending Georgetown University
Nancy McManus attending Williams College
Cheryl Parente attending College of the Holy Cross
Patricia Swift attending Goucher College
John Turco attending College of the Holy Cross

Music teacher Deborah Rollins directs elementary school chorus.

Walpole High School Stage Band performs at U. S. Dept. of Labor's New England Regional awards ceremony.

Bill Kriedler and his Kindergarten class at Plimpton School.

STATISTICS FOR THE CLASS OF 1978

Walpole High School graduated 354 students in the Summer of 1978. Considering the total class of 354 students, 205 have made application and at least an equal number have been accepted for further study. The breakdown and comparison with the classes of five previous years is as follows:

	1973	1974	1975	1976	1977	1978
Four Year Private Colleges	32%	19.8%	25%	25%	30%	22.6%
Four Year State Colleges	---	14.5%	16%	15%	17.6%	18.4%
Two Year Private Schools	19%	5.5%	7%	7%	3.6%	2.5%
Two Year State Schools	---	8.7%	14%	10%	5.3%	7.6%
One Year Programs	8%	5%	3%	3%	3.4%	7.9%
Nursing Schools	2%	1%	1%	.3%	1.1%	.6%
Preparatory Schools	1%	.7%	1%	0%	1.6%	---

This is a total of 59.6% of this year's students. For these student's and for past graduates the Guidance Department processed 942 applications.

The remainder of the class have future plans as follows.

	1973	1974	1975	1976	1977	1978
Full Time Employment	25%	29.8%	17%	19%	27%	25.7%
Armed Services	1%	3%	5%	3%	3.6%	6.2%
Undecided	9%	10.8%	3%	10%	4.7%	7.3%
Marriage	.9%	.2%	.8%	0%	.5%	.6%
Post Graduate	.1%	.5%	.5%	0%	0%	---
Travel	1%	.8%	.5%	.8%	.5%	.6%
Unemployment	---	---	6%	---	---	---
Unknown	---	---	---	---	1.1%	---

The following figures on financial aid represent only that aid which was reported to us in June. Some students refused to fill out a "Future Plans" report to us. In addition to outside grants and loans, \$8,775 was given to deserving students at graduation from local funds.

	1973	1974	1975	1976	1977	1978
College Scholarships	Inc.	Inc.	\$44,650	\$34,100	\$70,337	\$44,150
Local Scholarships	\$5,100	Inc.	7,125	11,435	11,150	8,775
Work Scholarships	Inc.	Inc.	30,804	17,300	27,375	32,500
Loans	Inc.	Inc.	27,000	12,000	32,925	40,050

DISTRIBUTION OF APPLICATIONS

Applications	1973	1974	1975	1976	1977	1978
	611	Inc.	871	766	861	704
Massachusetts	461-75%	Inc.	677-76%	600-80%	604-70%	500-71%
New England States (Other than Ma.)	76-13%	Inc.	113-14%	89-12%	122-14%	137-19%
Outside New England	74-12%	Inc.	81-10%	58-8%	94-11%	40-6%
Miscellaneous Applications	---	---	---	---	41-5%	27-4%

TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

Our first full year of operation is now history and it gives us great pleasure to report to the Town of Walpole.

The Tri-County Evening Adult Program opened in January and enrolled 12 Walpole residents in a trade preparation course of their choice. We expect that as the district becomes more aware of this rare opportunity enrollment will eventually swell to 600-800. Additional information and printed brochure can be had by calling the school office at any time.

For the better part of the first school year the District Committee was engaged in arbitration with the General Contractor. Consequently, the activities of all sub-contractors ceased and we did suffer some hardship. Fortunately the dispute was finally settled in June and we are now reaching the point where all school equipment is fully operational.

In September, we embarked on our second year. The school day was reduced from nine to eight periods and students are now dismissed daily at 2:30 P.M. A new program, Food Occupations was initiated for low-incidence special needs youngsters. A small fast foods restaurant was added to the facility with the help of a \$12,500.00 federal grant. The

enthusiasm of the students is a sight to behold as they go about the business of learning by working in "Ye Olde Coffee Shoppe."

The new school year also saw the Tri-County Career Education Lab fully productive. Equipped with a computer terminal, linked to the Massachusetts Occupational Information Systems, computer in Wellesley, students can retrieve a wealth of occupational and educational information. This service is being made available not only to Tri-County students but also to Junior High School students throughout the district. The Lab is well equipped with a variety of appropriate audio-visual materials and the great majority of all equipment and materials, including the terminal has been financed with federal grants.

In September, 89 students from Walpole entered Tri-County. This brought our town's enrollment up to 265 in three grades. We expect that in September, 1979, when we reach full enrollment, 337 students will be in attendance.

Tri-County is fast becoming an attraction to visitors from all member communities. The Rainbow Room, home of the Culinary Arts Program each day serves luncheons to area residents on a reservation basis. The students in Cosmetology are now accepting reservations from the public in a program that is increasingly popular. Almost 50 three-to-five year old children are provided for daily in our Child Care Program. It is especially satisfying to note that at any time of the school day there are adults coming in contact with high school students in a spirit of mutual respect.

The Construction and Machine Shop Trade Programs have been equally productive. In a building of 300,000 square feet there is a constant need for remodeling and maintenance. The teachers and students in those departments have saved the district thousands of dollars and at the same time benefited by invaluable real work experience.

As we move toward full enrollment, we expect that this vocational school will expand services to Walpole and the entire district. We thank you for your support in the past and look forward to a continuing relationship of mutual benefit in the future.

PUBLIC LIBRARY

The library provides the following services to persons of all ages with many different needs and interests:

For Borrowing

Over 80,000 books on all kinds of subjects
Almost 175 magazines and newspapers
A variety of 8 mm films for home projectors
Large print materials for the visually handicapped
Framed art prints
Encyclopedias that are no longer in the reference section
Paperback books that may be borrowed and returned without having to be checked out
About 1,000 l.p. recordings and cassettes
Museum passes

In The Library

Individual help in using the library
Business and tax publications
College Catalogs
Current issues of newspapers and magazines
Microfilm editions of the Walpole Times, town records going back many years, and some magazines, and a microfilm reader and reader-printer
Encyclopedias and other reference books on a wide variety of subjects
Xerox copying machine
Listening table for card holders of high school age and older.

Other

Exhibit space for local artists and groups and monthly exhibits arranged by the Walpole Arts Council
The Common Room a meeting room for community groups during library hours
Arrangements will be made to borrow books from

other libraries (Interlibrary loans) if Walpole doesn't have what a person needs.

Especially For Children

Separate collections, staff and space for children through the sixth grade
Story hours
Story cassettes for in-the-library-listening
Summer reading club to encourage reading for enjoyment
Fall book fair featuring the newest books added to the childrens collections

Library Hours

In its three locations the library is open for some part of the day six days a week, except for Saturdays between June 30 and Labor Day. A shortage of funds for the part-time clerks who staff the various circulation desks made it necessary to reduce hours beginning in July. This was accomplished by opening one hour later on weekdays (at 10 instead of 9), postponing Saturday hours to October and eliminating Sunday hours.

The library is closed on holidays and when road conditions are such that driving and walking are extremely hazardous. It was closed several days during the Blizzard Week, with the Main Library open on a reduced schedule on Thursday staffed by persons living near enough to the library to be able to get there on foot. The fact that nearly 300 items were checked out on these days indicates that the extra effort put in by the staff served a real need, and was appreciated.

TOWN PLANNING

PLANNING BOARD

The Planning Board in Calendar Year 1978 found increased demands upon them with the presentation of a "Proposed Codification and Revision of the Zoning By-Law of the Town of Walpole" by the Zoning By-Law Study Committee to Town Meeting and the dissolving of this committee. The Board has since held two public hearings on the information contained in the draft and has presented to Town Meeting certain sections for approval with the intent of continuing along these lines and bringing before Town Meeting in the near future other sections of the proposals. Proposed amendments to the Flood Plain section of the By-Laws also required a public hearing and the amendments were presented to Town Meeting for approval.

The Rules and Regulations Governing Subdivision of Land in Walpole were amended with regard to Dead-End Streets after a public hearing was held,

and as required under the Scenic Roads Act, hearings were held for the removal of trees and walls on High Street, Baker Street, and North Street, all Scenic Roads, to enable the installation of utility poles, the widening of roads, and curb cuts for the entrance of new roads onto the Scenic Roads.

Four definitive plans for the subdivision of land for residential purposes were filed and six plans were signed, some having been brought before the Board in previous years. Eighty new houselots were made from the signing of these plans, and five new streets and the continuation of two existing streets will be added to our street system.

Several site plans were reviewed throughout the year and recommendations were made to the Zoning Board of Appeals, and forty-two plans were presented that did not require approval under subdivision control law.

Along with the regular meetings that were held on the second and fourth Thursdays of each month, many special meetings were held for discussions and the studying of zoning by-law changes. The Board also met with several other Boards and Commissions to discuss topics of mutual interest.

All Planning Board meetings are open to the public, and the Board wishes to encourage townspeople to attend these meetings so as to gain a better understanding of this particular phase of town government.

PERSONNEL BOARD

The Personnel Board was established in 1954 to administer the Classification and Wage and Salary Plans set up under Town by-law.

The basic responsibilities of the Board are to develop and maintain a program which encompasses wages, salaries, fringe benefits, job descriptions, and the review of specific personnel needs of Town departments and employees, except those specifically exempt.

During 1978 Mr. H. Michael Boyd was appointed to the Board. An updated salary schedule and by-law amendments were presented to Annual Town Meeting, and a performance evaluation system was developed which will be implemented early in 1979.

Regular meetings of the Personnel Board are held on the first and third Mondays of each month at 7:30 p.m. in the Selectmen's Meeting Room, Town Hall, and are open to the public.

BOARD OF SEWER & WATER COMMISSIONERS

The Board of Sewer & Water Commissioners expanded from a three to a five man Board in May, in accordance with the amendment to the Walpole Home Rule Charter voted in 1976. Glenn S. Benson was elected to a three-year term, and Robert F. Barrett and Robert Stewart were elected to three-year and one-year terms respectively. The Board reelected Ronald A. Fucile as Chairman and E. J. Delaney as Clerk. The Board is responsible for establishing policy with regard to water, sewer and drainage. During 1978, a total of 28 meetings were held.

Like all other officials and departments of the Town, we were affected by the February Blizzard. In the process of cleaning up the snow resulting from that storm, a total of 26 hydrants were either damaged or destroyed. In addition to assisting with snow removal operations, the Water Department was kept extremely busy during the period following the Blizzard as a result of this damage. All the damaged

or destroyed hydrants were either repaired or replaced in the spring and summer of 1978.

Early in 1978, the firm of Camp, Dresser & McKee was retained to conduct an extensive study and prepare a report relative to the East Walpole Drainage Area. The East Walpole Drainage Area of approximately 500 acres, from High Plain Street to Wolcott Avenue, has been a problem for three decades and many proposals concerning this problem have been presented in the past; however, none have been acceptable to the Town. After eight months of discussions and study, which included two well-attended public hearings, Camp, Dresser & McKee issued their report and recommendations. The Board currently has the recommendations of the report under advisement and will be developing policy with regard to this matter during 1979. The report is available for review at the Board's office in the Town Hall. The Board also ordered investigations of many other drainage problems during the year and it is evident that the Town will have to expend substantial sums of money over the next several years to alleviate some of the more severe problems.

The Town's applications for federal and state grants for the design and construction of sewers under P.L. 92-500 was still pending at the end of the year. It appears that the Town will receive approval for a \$400,000 grant in the spring of 1979 for the design of new and replacement interceptors. This will lead ultimately to a construction grant of several million dollars for the construction of these sewers. It is unlikely, however, that the Town will receive approval of its application for construction of lateral sewers in residential areas.

In August, the State Division of Water Pollution Control placed a moratorium on certain new sewer connections and extensions of the sewer system, as that agency has determined that the Town has excessive infiltration and inflow into the sewer system. The Town has been ordered to remove two gallons of infiltration and inflow for every new gallon of sewerage added to the system. Repair work has been effected in order to allow new residences and businesses to connect to the sewer system. The possibility of federal funding to alleviate the problem of infiltration and inflow was being actively pursued at the end of this year.

In June 1978, a bill filed by the Board of Sewer & Water Commissioners was enacted by the State Legislature which will allow the Town Meeting more flexibility in establishing the percentages of the cost that the Town and abutters will pay for the construction of new sewers.

The firm of Weston & Sampson Engineers, Inc. was retained in the spring to prepare a new Master Plan for the water system. The last Master Plan was prepared in 1967. The water system as a whole continues to be a matter of great concern to the Board

and measures are being actively pursued which will eliminate consumer complaints relative to discoloration of the water supply in certain areas of Town which occurs sporadically throughout the year. Problems were experienced with mechanical systems at the treatment plant and pumping stations which aggravated the situation and the age of the water supply distribution system in certain areas also causes continuing problems. It is hoped that measures taken by this Board and the recommendations of the Master Plan will do much to rectify these problems over the next few years. Protection of our water supply sources continues to be a matter of great concern and the Board is actively pursuing issues at the local and state level which will greatly enhance the protection of our water supply.

The Board is also very concerned with making the operation of the water and sewer systems as self-supporting as possible. The Board has effected policies which result in the cost of the systems being largely borne by the users. As a result, the water system is now 75% self-supporting, whereas it was only 33% self-supporting a few years ago; and the sewer system, which only two years ago generated just 10% of the cost of operating the system, now generates 90% of the cost.

The Board of Sewer & Water Commissioners extend our appreciation to the Town Administrator; Director of Public Works/Town Engineer; Water and Sewer Department employees; Stephanie Arabak, Secretary to the Board; and various Boards and other Town officials for their cooperation and assistance throughout the year.

WALPOLE HOUSING AUTHORITY

The year 1978 was a busy, but fruitful, year for the Walpole Housing Authority. On January 3rd, the Authority filed for Section 8 Subsidized Housing Funds from HUD in order to set up a separate office in Walpole, and to be allotted a sufficient number of applications to handle the requests from families and the elderly for this type of housing. However, in March, this request was turned down.

The Authority has again filed another application in November of 1978, and the decision on this second application is still pending.

In February, the Authority began the long and complicated application for a second unit of elderly housing, to be known as 667-2. The procedure involved meetings with the Board of Selectmen, Planning Board, Sewer and Water Commission, and Conservation Commission, to get their approval and support of the housing. Every board was unanimous in their support and approval. Much backup material was required on the availability of apartments, abandoned buildings, schoolhouses not being used, number of applicants waiting, etc.

On April 19, the complicated proposal was hand-carried by Mrs. Eleanor Johnson, Chairman of the Authority, and Representative Francis H. Woodward, to the Office of the Department of Community Affairs.

Walpole was not successful in the first distribution of funds in July, but was told chances were excellent for the second distribution. However, Walpole was again passed over in September.

In October, at the Annual Town Meeting, an additional piece of property was purchased by the Town for the use of elderly housing on Stone Street, and the applications was promptly amended to show this piece. The application now contained 20 acres more or less on Robbins Roads, and approximately four acres on Stone Street, plus the Old Stone School, which had been designated by the Selectmen for elderly housing.

On December 15th, the successful culmination of these efforts was announced when Walpole was awarded by the Department of Community Affairs \$1.92 million for 60 units of housing. Planning on this building, however, will not begin until July 1979 when DCA will give \$25,000 to the Authority for evaluation and test borings of the parcels.

The Authority joined with the Selectmen in applying for a Community Grant fund in May, including requests for a small church building to be used for congregate housing, architectural barriers to be removed in the center and at the Neponset View Terrace to facilitate the handicap, as well as funds for the rehabilitation of old buildings. This application was turned down by HUD, but a second one is pending, in which the Authority has again joined.

The blizzard of 1978 was handled at the Neponset view Terrace with efficiency and with no unusual incidents, thanks to our full-time maintenance man who remained at the site, and thanks to the Fire, Police and Visiting Nurse Association. Emergency paths were kept open in case of ambulance runs, and food was made available to those who could not get out. During the year there were eleven turnovers in residents at Neponset View Terrace, an unusually high number. Vacancies were filled immediately from the long waiting list.

A spotlight for the flagpole on the property was donated by Mr. Steele Lightbody, and the residents have been most appreciative of being able to see their flag flying night and day.

Complete renovation was made of the eleven apartments vacated, including repairing of floors, bathrooms, ceilings and general painting, and in addition four other apartments, which had not been touched since 1971, were renovated. The Authority hopes each year to continue revovation of the apartments, and to keep them in good condition without major renovation.

Fire alarm repairs to the emergency call system were accomplished this year.

In February, the Authority hired a new fee

accountant, Mr. Herbert Kreutel of Walpole, who has modernized our accounting system, and whose expertise will be needed during our new building program.

Late in October, Mr. William Nethercote, Governor Dukakis' appointee, resigned, and it is expected that a replacement will be made by the end of the year by the Department of Community Affairs.

The Authority continues to keep itself abreast of developments in housing by attending NAHRO meetings in Massachusetts, Governor Conferences, and all meetings of the Blackstone Valley Association of Housing Officials.

Again, the Authority would like to express its appreciation to the Town Administrator, Town Engineer, and the Selectmen for their cooperation and assistance in furnishing town services to the housing unit, and, in particular, the Authority is most grateful for the dedicated service given by the Walpole Visiting Nurse Association service to the health needs of the residents.

INDUSTRIAL COMMISSION

The Industrial Commission is responsible for encouraging the economic development of the town. This includes aiding existing industry and promoting the town to new industry. The Commission works in site selection, rezoning efforts and other activities to accommodate business development.

In 1978 the Commission focused its attention on identifying available parcels of land in Walpole which would be suitable for industrial purposes. Although Walpole is strategically located with regard to transportation facilities, it is encumbered by a lack of land for industrial development. The Commission is hopeful of contacting owners of land which appears to be suited to industry and working with them in developing it in a way which benefits the town, the owner and industry.

INDUSTRIAL DEVELOPMENT FINANCING AUTHORITY

Requests for financing assistance for industrial development in Walpole were received from three corporations during 1978: Fish Chemical and Equipment Company, Inc., of Dedham; Bird-Johnson Company of Walpole; and Corning Medical Products, Inc. of Medfield, a subsidiary corporation of the famed Corning Glass Works.

The Industrial Development Financing Authority in all these cases voted unanimously to approve issuance of municipal industrial revenue bonds through the Town of Walpole. The town has no financial responsibility for the bonds, but they are attractive to investors because profits on these debentures are tax exempt, as a matter of law. The Board of

Selectmen as our town's governing body, voted to issue the bonds in these three cases, all under the provisions of Chapter 40D, Massachusetts General Laws.

The Bird-Johnson Company project was for a bond issue of \$500,000. and covers expansion of over 14,000 square feet of additional assembly area and attached warehousing, and a smaller area of additional shop office space. The increased volume of this company's business has resulted in 60 new employees requiring this expansion. The project is complete with the marketing of the revenue bonds recently.

The project of Fish Chemical and Equipment, Inc. or a bond issue of \$375,000 is for financing construction of office space, warehouse and storage tanks in the Walpole Industrial Park, off Main Street. This company will relocate and consolidate in Walpole from its present locations in Dedham and Brighton, and will employ 25 - 30 people. The project is now under review by the Massachusetts Industrial Finance Agency and other responsible State Agencies as required.

The Corning Medical Products Company project calls for the issuance of \$7 million in municipal revenue bonds of the Town of Walpole to finance the construction of a plant that will employ more than 200 persons, by far the biggest project since the inception of this program.

The company plans to build a 68,000 square foot facility on the 62 acre site now owned by the Damon Corporation, located on Coney Street adjacent to Route I-95, the old Professor Jack Estate.

This combination manufacturing and laboratory facility will have 208 management and technical personnel, including about 75 from the company's Medfield plant when that operation is phased out; this will be done when the Walpole plant is opened.

About \$4.5 million of this low interest municipal bonds money will fund actual construction costs of the building, with the rest earmarked for land purchase, equipment - both operational and maintenance, and engineering.

Construction is slated to begin April 1, 1979.

Preliminary talks discussing the possibility of refinancing and expansion were held in August and September with the Bostonian Worldwide Movers of No. 1 Industrial Road, also in the Walpole Industrial Park. The company has the matter under preparation for possible submission of a bond issue application under the requirements, procedures and qualifications of the industrial development financing statutes under Chapter 40D, M.G.L.

And we have been advised by the Town Administrator that the Upton Marine Engineering & Service Company, Inc. is considering the construction of a new facility here in Walpole. We look forward to assisting this corporation in establishing and financing its operation here in our town.

CEMETERY DEPARTMENT

The blizzard of 78, who will ever forget it? Not the Cemetery Department and that is for sure! The blizzard held up some nine funerals from between 3-4 weeks each. It did prove that our mausoleum are in excellent condition as this was the first time they have been used to this extent in the past ten years plus. However, extensive damage to trees, shrubs, fences and stone walls did occur. This extra long winter made preparation for Memorial Day most difficult but we were able to do most of the superficial work on time and received no complaints, unlike the several surrounding towns. We thank you for your understanding.

This year also marked the tenth year Mr. Stephen Huntress, Sr. has been superintendent of cemeteries. Mr. Huntress can be reached by calling 668-2550 (town hall) or 668-7180 (home) or the address is 140 Lincoln Road Walpole, Mass. 02081.

On September 1, 1978 Eric Michelson became chairman of the Cemetery Commission. Jay Delaney and James Ginley are the commissions other members. The commissions major accomplishments this year were (1) Having the town recognize the cemetery department as a full time job and hence, the hiring of Clark Huntress and Lawrence McDavitt year round; (2) changing the prepetual care requirement from \$25 to \$100 of the \$125 charged per single grave. The first accomplishment will allow more work to be done on such projects as repairing broken grave markers, pruning of shrubs and trees and better insuring Memorial Day preparations. The increase in prepetual care money will bring in more useable revenue and help make the cemetery a bit more self sufficient.

The cost of a single grave (4' x 10') remains at \$125. Opening costs are \$100. except in winter months when the cost becomes \$115. plus ground thawing expenses.

WALPOLE MUNICIPAL EMPLOYEES CREDIT UNION

The Walpole Municipal Employees Credit Union is celebrating its fortieth anniversary this year. Organized in 1938, it has grown from a few charter members to the present organization of 415 members. Those listed as charter members are: Willis D. McLean, David Kelley, Charles Roundy, John J. White, Howard Everett, James H. Ginley, Herbert W. Lewis, Maurice Ahearn, George H. Conaty, Robert Graney, Arnold

Grover, George Hubbard, George Murphy, John Powers, Robert Murphy, Harold Strout, Sheldon Goodrich, Mary Collins, Mildred Wallace and Doris Maxfield Hartshorn.

Frank Melo is now serving as treasurer, replacing Theodore Kaiser, who resigned in August.

People who represent the Town of Walpole in any capacity are eligible to become members.

WALPOLE MUNICIPAL EMPLOYEES CREDIT UNION — Board of Directors. Left to right: Pat Marino; Mabel Hart, clerk; Edward Lamore; Jan Corbett; James Clerici; Marion Kambour, president; Theodore Kaiser, treasurer; Edith Adams; Armando Betro; Dorothy Wilber and charter member George Conaty, vice president.

FINANCES

FINANCE COMMITTEE

This year proved to be a very busy one, as usual, for the Finance Committee with two Annual Town Meetings plus a lengthy Special following the April Annual.

Inflation and union demands continue to be an ever increasing burden on our tax rate; and on the other side calls for tax relief as a result of Proposition 13.

Due to increased state reimbursement this year and no large expenditures, we maintained a stable tax rate. At this time, we are not sure of what confronts us on the state level with a new Governor but it will be interesting to see if he will keep his promises of tax relief.

In the face of all this, our goal this year is to continue to maintain a stable tax rate. In order to accomplish this, the Finance Committee has asked all Boards, Committees and Departments to use fiscal restraint in their budget preparation with optimism that increases can be held to 2% or 3%.

For the first time in many years, we expect to go to town meeting in agreement with the School Committee on a budget which should be at this year's level. The closing of the Plimpton School, reductions in staff and closer budget scrutiny are contributing factors.

On the other hand, we will be borrowing approximately 4 million dollars for the high school renovation and facing many of the same problems which have confronted us in the past.

Finally, the Committee wishes to express sincere thanks to everyone for their cooperation this past year and we look forward to the same spirit in the coming year.

TOWN TREASURER

The fundamental duty of the Town Treasurer is to take charge of all Town funds. These funds come from several sources, such as taxation, charges, fees, Federal and State grants.

The Treasurer may disperse monies only on proper authorization.

During the year, the Treasurer's office handled over fourteen million dollars. This office is one of the highly complex Town departments, maintaining numerous accounts and extensive records covering such areas as Borrowing, Bonding, Investing, Tax Titles, Retirement, Insurance, Cemeteries, and Trust Funds.

The function of borrowing involves considerable time in the office starting with requests for bids from all the banks, to certification by the Town Clerk, approvals by the Board of Selectmen, and the Commonwealth, before the funds are actually received.

Several times during the year when receipts failed to meet expenses the Town had to borrow over five million dollars to meet the weekly obligations. However, when the Town has surplus funds, the Treasurer invests these funds in Certificates of Deposit, Repurchase Agreements, or U.S. Treasury Bills.

The Town maintains three public cemeteries, having over twenty Trust Accounts for perpetual care. Upon sale of the lots, the Treasurer issues a cemetery deed on behalf of the Town.

Each payroll or vendor check issued by the office is the cumulation of over fifteen separate steps. Over thirteen thousand vendor checks are issued yearly. This year, over twenty-six thousand payroll checks were issued to twelve hundred permanent and part-time Town employees, amounting to over eight million dollars.

Report as of June 30, 1978

Cash in Treasury June 30, 1978		\$2,445,975.97

BOARD OF ASSESSORS

Total number parcels real estate and personal property assessed	6574
Number of dwellings assessed	4850
Number of acres assessed	10,163
Value of assessed Personal Property	12,104,748
Value of assessed Real Estate	<u>135,069,170</u>
Total Assessed Value	\$147,173,918
Total amount appropriated	\$16,114,464.07
State assessments	672,386.27
County assessments	188,295.52
Overlay	<u>258,479.93</u>
Gross amount to be raised	\$17,233,625.79
Less estimated receipts from Cherry Sheet	<u>6,666,538.48</u>
Total taxes levied on property	\$10,567,087.31

Rate of taxation \$71.80
Number of motor vehicles 15,550

Due to conditions beyond our control the use of the town's computer to process the real estate bills was not made available, thereby making it necessary to renew our contract with the data processing firm, Tymshare in Salem, Mass. In anticipation of the aquisition of the components from Burroughs Corporation it is expected we will accomplish the real estate billings on the town's computer for the 1980 fiscal period.

TOWN COLLECTOR

In submitting my report for the period from July 1, 1977 through June 30, 1978, I would like to again mention a few suggestions that I feel would be helpful to you the Taxpayer and to this office.

1. When you receive a tax bill such as Real Estate, Motor Vehicle Excise Tax or other and you have a question, please study the reverse side of the bill first. This will help you in such areas as abatements, billing periods, and when interest will be added to your bill.

2. When a bill is issued to you and you feel that you are not responsible for it, please take the necessary steps to resolve it. An example would be a motor vehicle that you did not register in the year that you are billed. Your recourse would be to file for an abatement with the Assessor's office. Another example would be if you sold your home, yet the Real Estate bill was issued to you. Your recourse would be to forward that bill to the new owner.

3. When you receive your Real Estate Tax bills and are Tax Escrowing with your bank, please forward your bill to the bank immediately. It helps the bank, it helps you in not having to pay unnecessary interest and it helps us in processing your payment.

4. When mailing in a payment, please enclose a copy of the bill. If you need a receipt, you must enclose a self-addressed stamped envelope along with your copy of the bill.

5. An unpaid water bill will go on your next Real Estate bill as a water lien. We will mail to you an original water bill, and one (1) reminder.

A questionable tax bill issued to you will not go away simply by ignoring it. You as a taxpayer must take action to resolve it. If you have a question on any tax bill and cannot find the answer, please feel free to call us.

In fiscal year 1978 the Town Collector's Office processed approximately 45,200 bills (13,000 Real Estate, 10,600 Water, 18,000 Motor Vehicle Excise Tax, 1,600 Departmental billings, 2,000 sewer usage bills.) We also handled over 600 Certificates of Municipal Liens.

Our primary goal and achievement was to reduce the delinquent Real Estate taxes due the town and to legally protect the Town by following the proper steps necessary to Tax Taking of aged Real Estate Taxes. James K. Conroy, an Administrative Assistant, working

under the CETA program offered a great deal of assistance to this office in time spent on research thus perfecting a tax title list. On behalf of the Town, I thank Jim for helping us update our records allowing this office to function more on a current level in all areas.

Plans in the future include striving to collect money due the Town in all areas such as Police Services, Water, Ambulance, etc. This office will be scheduling hearings with the Registry of Motor Vehicles in the near future for loss of license of persons who have not paid their Motor Vehicle Excise Taxes.

We will continue to encourage communication between you and this office as the best means for resolving problems that may arise or inform you of changes in billing procedures.

Thank you for your continued cooperation and support.

Recap of Town Collector's Budget and Collections

1. In Fiscal Year 1977/78 there were three full time employees and one part time employee and one Administrative Assistant under CETA Program. The total budget for the salaries and expenses were \$47,182.16.

2. The following is a report on monies collected in Fiscal Year 1977/78 and a comparison to monies collected in Fiscal Year 1976/77:

	77/78	76/77	Increase or (Decrease)
Real Estate & Pers Prop Tax	\$10,207,485.00	9,700,275.00	507,210.00
Water Revenue	526,506.00	436,993.00	89,513.00
Sewer Assessment	91,787.00	104,235.00	(12,448.00)
Sewer Usage	62,410.00	-0-	62,410.00
Street Betterments	3,513.00	1,285.00	2,228.00
Motor Vehicle Excise Tax	861,825.00	832,167.00	29,658.00
Police Revolving Fund	45,182.00	29,836.00	15,346.00
Fire Revolving Fund	864.00	861.00	3.00
Ambulance Revolving Fund	5,719.00	4,877.00	842.00
Interest - RE, PP, MVE	41,326.00	22,357.00	18,969.00
Municipal Lien Certificates	3,546.00	2,772.00	774.00
Taxes in Litigation	10,110.00	-0-	10,110.00
Tax Title	40,265.00	-0-	40,265.00
Interest on Tax Titles	9,444.00	0-0	9,444.00
Totals	\$11,909,982.00	\$11,135,658.00	\$774,324.00

Total increase in Collected Funds in FY 1977/78 \$774,324.00

PERMANENT ADVISORY BUILDING MAINTENANCE COMMITTEE

The Permanent Advisory Building Maintenance Committee makes an inspection each fall of all public buildings, schools, parks and playgrounds. It then makes detailed recommendations, including cost estimates, to the Board of Selectmen and through them to the Finance Committee for the maintenance and improvement of the various properties.

The committee is helped in its work by various town officials and departments: the town administrator, the superintendent of buildings, the school department, the library trustees, the recreation committee and others.

The amount recommended to be spent for proper upkeep during the next fiscal year, July 1, 1979 to June 30, 1980, is \$282,109.00, which is approximately 15% less than the amount approved for the present fiscal year. As in the past, the majority of the total will be spent on schools. The work budgeted for fiscal 1977-1978 was completed, and \$36,000.00 of the total budget amount was returned to the town. It is expected that the work budgeted for fiscal 1978-1979 will be completed on schedule.

GROSS SALARIES, TOWN EMPLOYEES

Printed below are the gross salaries of town employees who earned more than \$500 in 1978. The information was obtained from the treasurer's computer run and should be 100% accurate. We would like to stress that these are not necessarily straight time earnings and may include overtime,

stipends for extra duties, and in some cases, income from more than one department. An asterisk in front of a name indicates that person received retroactive pay for services performed in previous years. There may be other names that fall in this category that were not brought to our attention.

TOWN MEETING ABSTRACTS

NOTE: The following reports of town meetings are condensed from the official reports and indicate motions which bind the town. For details of debate and subsidiary motions the reader is referred to the official minutes in the office of the town clerk.

MEETING OF PRECINCT 2 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY

At a meeting held on March 6, 1978 in the West Junior High School for the purpose of filling a vacancy in Precinct 2, in accordance with Article II, Section 2-7(B) of the Walpole Home Rule Charter, the following action was taken:

Edward R. Verrochi was elected Chairman and Louis E. Hoegler, Town Clerk, was designated Clerk.

Alice R. Smith, 406 Washington Street was appointed to fill the vacancy created by the death of Edwin Jankowski, Sr., until the next Annual Town Election.

MEETING OF PRECINCT 3 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY

At a meeting held on March 6, 1978 in the West Junior High School for the purpose of filling a vacancy in Precinct 3, in accordance with Article II, Section 2-7(B) of the Walpole Home Rule Charter, the following action was taken:

Bernard J. Duffy was elected Chairman and Louis E. Hoegler, Town Clerk, was designated Clerk.

E. Stanley Kelliher, 31 Grover Street was appointed to fill the vacancy created by the resignation of Gordon F Woodberry, until the next Annual Town Election.

MEETING OF PRECINCT 5 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY

At a meeting held on March 6, 1978 in the West Junior High School for the purpose of filling a vacancy in Precinct 5, in accordance with Article II, Section 2-7(B) of the Walpole Home Rule Charter, the following action was taken:

Carolyn D. Schmalz was elected Chairman and Louis E. Hoegler, Town Clerk, was designated Clerk.

John F. Campbell, 1088 Main Street was appointed to fill the vacancy created by the resignation of K. Gail Leeco, until the next Annual Town Election.

MEETING OF PRECINCT 7 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY

At a meeting held on March 6, 1978 in the West Junior High School for the purpose of filling a vacancy in Precinct 5, in accordance with Article II, Section 2-7(B) of the Walpole Home Rule Charter, the following action was taken:

John W. Farrell, Jr. was elected Chairman and Louis E. Hoegler, Town Clerk, was designated Clerk.

Gene M. Farrell, 224 Plimpton Street was appointed to fill the vacancy created by the resignation of Leo Salonen, Jr., until the next Annual Town Election.

SPECIAL TOWN MEETING, MARCH 6, 1978

Norfolk, ss.

Pursuant to the foregoing warrant of March 6, 1978 the Special Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on MONDAY, THE SIXTH DAY OF MARCH 1978

Moderator Thomas M. White called the meeting to order at 7:35 P.M.

The Assembly recited the Pledge of Allegiance.

Town Clerk, Louis E. Hoegler attested to proper return of the Warrant.

On Resolution offered by Bernard J. Duffy,

VOTED:

RESOLUTION: That a moment of silence be observed to honor the memory of Royal Jones, who served as Selectmen from 1943 to 1949; and Chester Gove who served for many years as a member of the Board of Registrars. They served our Town well.

ARTICLE 1 - AFSCME FUNDING

VOTED: That the Town vote to transfer from Free Cash the amount of \$42,649 to cover the costs of funding the Agreement between the Walpole School Committee and the American Federation of State, County and Municipal Employees AFL-CIO Massachusetts Council 93, Local 1957 for the period from July 1, 1977 through June 30, 1978.

ARTICLE 2 - AFSCME FUNDING

VOTED: That the Town vote to transfer from Free Cash the amount of \$31,095 to fund the Agreement between the Town of Walpole and the Clerical Bargaining Unit, American Federation of State, County and Municipal Employees, AFL-CIO MASSACHUSETTS COUNCIL 93, Local 1957 for the period from July 1, 1976 to June 30, 1978.

ARTICLE 3 - AFSCME FUNDING

VOTED: That the Town vote to transfer from Free Cash the amount of \$4,250 to fund the agreement between the Town of Walpole and the Library Bargaining Unit, American Federation of State, County and Municipal Employees, AFL-CIO Massachusetts Council 93, Local 1957 for the period from July 1, 1977 to June 30, 1978.

ARTICLE 4 - TRANSFER FROM FREE CASH

VOTED: That the Town vote to transfer the sum of \$10,196 from Free Cash to further fund Article 9 of the Special Town Meeting of August 22, 1977.

VOTE: **UNANIMOUS**

ARTICLE 5 - ADDITIONAL POLICE LIEUTENANT

VOTED: That the Town take NO ACTION on this Article.

ARTICLE 6 - AMBULANCE SERVICE

VOTED: That the Town Vote to transfer from Free Cash the amount of \$12,000 to defray the costs of the Ambulance Service for FY-78 and to authorize the Board of Selectmen to employ additional personnel in order to operate the ambulance in conformance with Chapter 111C of the Massachusetts General Laws.

ARTICLE 7 - SCHOOL IMPROVEMENTS

VOTED: That the Town vote to further fund Article 22 of the Annual Town Meeting of 1976 to make capital improvements at certain schools as follows:

\$3,822 from Article 60 of the Annual Town Meeting of 1975

\$5,878 from Article 23 of the Annual Town Meeting of 1976

for the following:

Bird School Public Address System

\$5,000

West Junior High Heating

3,000

New Fisher Playground

1,700

\$9,700

VOTE: **UNANIMOUS**

ARTICLE 8 - PAYMENT OF UNPAID BILL

VOTED: That the Town vote to transfer from Free Cash the amount of \$243.36 to pay an unpaid bill from FY77 from Eastern Minerals Co. for road salt.

ARTICLE 9 - SNOW REMOVAL EXPENSE

VOTED: That the Town transfer the sum of \$35,000 from Overlay Surplus and \$60,032 from available Free Cash to defray Snow and Ice Expenses for FY78.

ARTICLE 10 - W. JR. HIGH SCHOOL FENCE

VOTED: That the Town vote to transfer from Free Cash the amount of \$10,000 to erect a fence and appurtenances at West Junior High School.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 8:40 P.M.

ADJOURNED ANNUAL TOWN MEETING, APRIL 19, 1978

Norfolk, ss.

Pursuant to the foregoing adjournment of April 13, 1978, the adjourned annual town meeting was held in the West Junior High School on WEDNESDAY, APRIL 19, 1978

The Meeting was called to order at 7:35 P.M. by Town Clerk Louis E Hoegler in the absence of Moderator Thomas M. White.

The assembly recited the Pledge of Allegiance

A letter from Moderator Thomas M. White stating that he would not be able to conduct this year's Annual Town Meeting and extending his thanks to the RTM membership for their fine cooperation in the past, was read to the Assembly.

Robert B. Boyd, Jr. and Philip H. Macchi were duly nominated to serve as Moderator Pro Tempore. On a standing vote of 67 to 22, Mr. Boyd was elected to serve. He was sworn to the faithful performance of his duty by Town Clerk Louis E. Hoegler.

Town Clerk, Louis E. Hoegler attested to proper return of the Warrant.

The following Tellers were appointed: John Hill, Clifford Barnes, Jr., Edward Delaney and John Ferrara.

VOTED: That this annual town meeting be recessed to conduct a Public Hearing on Federal Revenue Sharing.

The meeting was reconvened at 7:55 P.M.

VOTED: That, as necessary, additional sessions of this Annual Town Meeting be held on

Monday, April 24, 1978

Wednesday, April 26, 1978

Monday, May 1, 1978

Tuesday, May 2, 1978

at 7:30 P.M. in the West Junior High School Auditorium.

ARTICLE 1

NO ACTION.

ARTICLE 2

On Motion of the Planning Board,
It was Moved and Seconded:

That the Zoning By-Law Study Committee be discharged with thanks.

*Motion was: **DEFEATED**

-(See Reconsideration of May 1, 1978 ATM)

ARTICLE 3 - BORROWING

VOTED: That the Town authorize the Treasurer, with the approval of the Selectmen to borrow in anticipation of the revenue for the twelve month period beginning July 1, 1978 in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969 as amended and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Vote: **UNANIMOUS**

ARTICLE 4 - INTEREST PAYMENTS

VOTED: That the Town raise and appropriate from taxation the sum of \$10,000 to defray the interest payment on any monies borrowed under Article 3.

Vote: **UNANIMOUS**

ARTICLE 5 - AUDIT

VOTED: That the Town petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts, in accordance with Section 35 of Chapter 44 of the General Laws, (Ter. Ed.)

Vote: **UNANIMOUS**

ARTICLE 6 - CPA, AUDIT

VOTED: That the Town raise and appropriate from taxation the sum of \$15,000 to engage a Certified Public Accountant or firm of accountants to audit all accounts of the town in accordance with Article VI, Section 10-B of the Walpole Home Rule Charter.

ARTICLE 7 - TAX COLLECTING

VOTED: That the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

ARTICLE 8 - COLLECTING WATER RATES

VOTED: That the Town authorize the Collector in collecting water rates and services to follow the rules and regulations of the Water Department.

ARTICLE 9 - COLLECTING SEWER ASSESSMENTS

VOTED: That the Town authorize the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 10 - AUTHORIZATION TO SELL PROPERTY

VOTED: That the Town authorize the Selectmen to sell any and all property now owned by the Town, or to be acquired, as a right of foreclosing rights of redemption in said property.

Vote: **UNANIMOUS**

ARTICLE 11 - AUTHORIZATION TO SELL EQUIPMENT

VOTED: That the Town authorize the Board of Selectmen to sell or otherwise dispose of certain used furniture and equipment now owned by the Town.

ARTICLE 12 - WORKMEN'S COMPENSATION

VOTED: To **TABLE** this article.
(See action on Budget #47 at April 26, 1978 Adj. ATM)

ARTICLE 13 - CONTRIBUTORY RETIREMENT

VOTED: To **TABLE** this article.
(See action on Budget #47 at April 26, 1978 Adj. ATM)

ARTICLE 14 - VETERANS' PENSIONS

VOTED: That the Town raise and appropriate from taxation the sum of \$7,700 for Veterans' Pensions under Chapter 32, Section 59 of the General Laws.

ARTICLE 15 - PRINTING OF TOWN REPORT

VOTED: That the Town raise and appropriate from taxation the sum of \$5,700 to print the 1978 Town Reports.

ARTICLE 16 - NIGHT BEFORE THE FOURTH

VOTED: That the Town raise and appropriate from taxation the sum of \$1,500 for the "Night Before the Fourth" Celebration.

ARTICLE 17 - CHRISTMAS LIGHTING

VOTED: That the Town raise and appropriate from taxation the sum of \$1,500 for Christmas Lighting.

ARTICLE 18 - NURSING SERVICES

VOTED: That the Town raise and appropriate from taxation the sum of \$23,000 for the rendering of nursing services in the areas of Health Supervision for tuberculosis control including intradermal tuberculin testing, assistance to schools in T.B. survey, maternal and child health, control of communicable diseases, provision of clinics including immunization programs for children, mental health and retardation programs, adult health supervision including health maintenance service for Senior Citizens.

ARTICLE 19 - EXPENSES FOR PHYSICAL TRAINING

VOTED: that the Town raise and appropriate from taxation the sum of \$69,371 to cover the expenses of physical training, athletics, equipment and transportation of teams for the Junior and Senior High Schools as defined and specified in Chapter 71 of the General Laws of Massachusetts, and Chapter 658 of the Acts of 1950.

ARTICLE 20 - CAFETERIA EXPENSES

VOTED: That the Town raise and appropriate from taxation the sum of \$67,048 to cover the expense of Cafeterias for a twelve month period starting July 1, 1978.

ARTICLE 21 - PUBLIC SCHOOL EXPENSES

VOTED: To **TABLE** this article
(See action on Budget #28 taken at April 26, 1978 Adj. ATM)

ARTICLE 22 - SCHOOL CAPITAL IMPROVEMENTS

VOTED: That the Town raise and appropriate from taxation the sum of \$12,000 to make capital improvements to certain schools.

ARTICLE 23 - TRI-COUNTY REGIONAL SCHOOL

VOTED: That the Town raise and appropriate from taxation the sum of \$678,825.36 to finance the Town of Walpole's portion of the Tri-County Regional Vocational Technical School District's operating budget for the Fiscal Year 1978-79.

Vote: **UNANIMOUS**

ARTICLE 24 - PERSONNEL BOARD

VOTED: That the Town take **NO ACTION** on this article.

ARTICLE 25 - PAY SCHEDULES

VOTED: That the Town approve the new pay schedules as recommended by the Personnel Board except Board of Assessors, Member which shall be \$2,400 per year instead of \$3,746.

I. **Full-Time Non-Union Employees**
(No overtime on this Schedule)

On Challenge of the Call of the Vote,

A Standing Vote was taken: Yes - 60 No - 28

ARTICLE 26 - PERSONNEL BOARD

VOTED: That the Town take NO ACTION on this article.

ARTICLE 27 - PERSONNEL BY-LAWS

VOTED: That the Town approve the amendments to the Personnel By-Laws.

Section 11: Vacations

The Personnel Board recommends that the first and second paragraphs of Section 11, 'Vacations' be substituted with the following:

"Vacations will be credited on the employee's service anniversary date. On the first anniversary date, 2 weeks; fifth anniversary date, 3 weeks; thirteenth anniversary date, 4 weeks; and twenty-third anniversary date, 5 weeks.

Vacations should be used within 12 months of the date they are credited; however, subject to the department head's approval, a week may be carried over into the new year."

The third paragraph of Section 11 should remain the same.

Section 14: Holidays

The Personnel Board recommends the inclusion of Martin Luther King day as a paid holiday.

Section 14A: Personal Illness-Sick Leave''

The Personnel Board recommends increasing the maximum accumulated sick leave to one hundred forty (140) days.

Section 25: Longevity Pay

The Personnel Board recommends adding \$400 after 25 years' service.

Section 26: Bereavement Leave

The Personnel Board recommends that an employee be granted one day of bereavement leave upon the death of grandparents, grandchildren, brother-in-law, or sister-in-law.

ARTICLE 28 - WATER DEPARTMENT EXPENSES

VOTED: That the Town appropriate from Water Available Surplus to the Water Department for administrative expenses, maintenance, construction and retirement of any and all bonds, notes and interest payable for the fiscal year beginning July 1, 1978, a sum of money sufficient therefor, in accordance with Chapter 396 of the Acts of 1928. The sum of \$585,000 to be transferred to the following budgets:

\$404,016 to the Water Operating Budget No. 35

\$180,984 to the Debt Services Budget No. 48

ARTICLE 29 - SEWER DEPARTMENT EXPENSES

VOTED: That the Town appropriate from the receipts of the Sewer Assessment Fund to the Sewer Department for administrative expenses, maintenance, construction, sewer connections, retirement of any and all bonds, notes and interest payable for the fiscal year beginning July 1, 1978, a sum of money sufficient therefor, in accordance with Chapter 120 of the Acts of 1930. The sum of \$20,526 be transferred to the Sewer Operating Budget No. 36.

ARTICLE 30 - SALARIES

VOTED: That the Town fix the salary and compensation for elected officers of the Town as provided for by the General Laws, Chapter 41, Section 108 for their services for the fiscal year beginning July 1, 1978 and to see what sum of money the Town will appropriate or transfer from available funds to defray departmental expenses of the town for the fiscal year commencing July 1, 1978, not otherwise provided for.

SPECIAL TOWN MEETING

June 19, 1978

Norfolk, ss.

Pursuant to the foregoing Warrant of June 19, 1978, the Special Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on, MONDAY, THE NINETEENTH DAY OF JUNE 1978. The Meeting was called to order at 7:35 P.M. by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly recited the Pledge of Allegiance.

On Motion of Bernard J. Duffy and Roy G. Fisher, it was Moved, Seconded and

VOTED: That a Moment of Silence be observed in memory of Thomas M. White, former State Representative and Town Moderator.

Town Clerk, Louis E. Hoegler, attested to proper Return of the Warrant.

The following Tellers were appointed: Eleanor Johnson and Guy Giampapa.

VOTED: That upon adjournment of this meeting it be adjourned to June 21 and June 22, 1978.

VOTED: That the Motions of the Finance Committee be the Main Motions.

VOTED: To waive the rule of members sitting in the center aisle as specified in Article 12 of the Rules of Procedure.

ARTICLE 1—HIGH SCHOOL RENOVATION

VOTED: That \$3,752,430 be appropriated for the reconstruction, remodeling, rehabilitation and modernization of the Walpole Senior High School, including plans and specifications therefor; that to raise this appropriation, the sum of \$52,430 be transferred from Article 23 of the 1977 Annual Town Meeting, the sum of \$100,000 be transferred from the Stabilization Fund and the sum of \$100,000 in State matching funds be transferred to this article upon receipt; and the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$3,500,000 for a term of 15 years, under Chapter 645 of the Acts of 1948 as amended; and that the Permanent Building Committee is authorized to take all other action necessary to carry out this project.

VOTE: Yes - 123 No - 2

ARTICLE 2—PURCHASE OF LAND

VOTED: That the Town take **NO ACTION** on this Article 2.

VOTED: That the Permanent Building Committee and the Capital Budget Committee conduct a study for a proposed police facility, or an addition to the present facility and report their findings to the Annual Town Meeting in October 1978.

ARTICLE 3—BUILDING REFURBISHING

VOTED: That the Town take **NO ACTION**.

ARTICLE 4—AMBULANCE SERVICE

VOTED: That the Town raise and appropriate from taxation the sum of \$47,000 to provide ambulance service for the Town of Walpole for Fiscal Year 1979 in accordance with Chapter 111 of the General Laws.

ARTICLE 5—SCHOOL TRAFFIC GUARDS

VOTED: That the Town raise and appropriate from taxation the sum of \$22,451 for salaries and expenses of School Traffic Guards for Fiscal Year 1979.

ARTICLE 6—POLICE LIEUTENANT SALARY

VOTED: That the Town appropriate the sum of \$22,839 to defray the salary of a lieutenant on the Walpole Police Department for Fiscal Year 1979.

ARTICLE 7—POLICE RADIO EQUIPMENT

VOTED: That the Town raise and appropriate from taxation the sum of \$5,500 to purchase UHF radio equipment and appurtenances for the Police Department.

ARTICLE 8—CIVIL DEFENSE APPROPRIATION

VOTED: That the Town raise and appropriate from taxation the sum of \$9,413 to defray expenses of the Civil Defense Preparedness Agency for Fiscal Year 1979.

ARTICLE 9—PUMPING ENGINE REPAIRS

VOTED: That the Town raise and appropriate from taxation the sum of \$3,000 to make necessary repairs to one (1) 1956 pumping engine.

ARTICLE 10

VOTED: That the Town appropriate the sum of \$8,300 to defray salary expense for the Fire Department for fiscal year 1978 and fiscal year 1979; and raise this appropriation by transfer of \$2,700 from available funds in Budget Item 22A for FY 1978; and from taxation \$5,600 for FY 1979.

VOTED: That this Special Town Meeting be adjourned to Wednesday, June 21, 1978 at 7:30 P.M. in the West Junior High School Auditorium. The Moderator so declared at 10:55 P.M.

ADJOURNED SPECIAL TOWN MEETING June 21, 1978

Norfolk, ss.

Pursuant to the foregoing adjournment of June 19, 1978, the Special Town Meeting was held in the West Junior High School Auditorium on, WEDNESDAY, THE TWENTY-FIRST DAY OF JUNE 1978. The Meeting was called to order at 7:45 P.M. by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly recited the Pledge of Allegiance.

The following Tellers were appointed: Frank Hilts and Louis Coburn.

On Resolution offered by the Board of Selectmen.

VOTED: Be it Resolved: that this Town Meeting recognize the achievement of James Driscoll and William F. Nethercote III in the establishment of a new Guinness World Record of 102 hours and 46 minutes of continuous tennis play. Their achievement required rigorous training and great stamina and serves as an example of the character of Walpole's youth.

Be it Further Resolved: that their achievement on behalf of the American Cancer Society be recognized and applauded as a contribution to help wipe out cancer in their life-time.

Be it also Resolved: that the Town Clerk present James Driscoll and William Nethercote original copies of this Town Meeting action.

VOTE: UNANIMOUS

Announcement was made of the appointment of Sidney F. Hatch as a member of the Tri-County Regional Vocational Technical School District Committee replacing Richard H. Holman who resigned. Mr. Hatch acknowledged his appointment and praised Mr. Holman's untiring dedication during his term of office.

ARTICLE 11—FIRE DEPARTMENT SALARY

VOTED: That the Town take **NO ACTION**.

ARTICLE 12—SNOW REMOVAL COSTS

VOTED: That the Town raise and appropriate by transfer the sum of \$132,393 for snow and ice removal costs incurred in Fiscal Year 1978 from the following:

\$85,393 - from Federal Disaster Assistance Receipts
15,000 - from Overlay Surplus
32,000 - from Article 34/1977 ATM as follows:

\$ 6,000 - Budget Line Item 2A
12,000 - Budget Line Item 30A
2,000 - Budget Line Item 31A
9,000 - Budget Line Item 32A
3,000 - Budget Line Item 35A

ARTICLE 13—SNOW DAMAGE REPAIR

VOTED: That the Town raise and appropriate by transfer from Free Cash the sum of \$26,834.11 to repair damages on public and private property resulting from snow and ice removal operations conducted during Fiscal Year 1978.

ARTICLE 14—STONE SCHOOL FENCE

VOTED: That the Town of Walpole appropriate the sum of \$6,393.75 to erect a six foot chain link fence at Stone School starting at the southerly bank of Diamond Brook and running southerly and parallel to the edge of the access road to the municipal parking lot a distance of 430 feet more or less; thence running southeasterly behind the parking area for the Blackburn Hall a distance of 290 feet more or less to the access road at the rear of the Stone School.

Standing Vote: YES - 47 NO - 45

ARTICLE 15—SIDEWALK CONSTRUCTION

VOTED: **NO ACTION**

VOTED: To take Articles 32, 30 and 31 Out of Order.

ARTICLE 32

VOTED: That the Town alter or amend the Zoning By-Law so as to conform with Chapter 808 of the Acts of 1975 as presented by the Zoning By-Laws Study Committee as set forth in a ten page proposal attached hereto.

Section 1 - Introduction

I-1. Title and Authority

This By-Law shall be known and may be cited as the "Zoning By-Law", and is adopted by virtue of and pursuant to the provisions of General Laws, Chapter 40A as amended by Chapter 808 of the Acts of 1975 as amended.

I-2. Purposes of this By-Law include, but are not limited to, the following: to lessen congestion in the streets; to conserve health; to secure safety from fire, flood, panic and other dangers; to provide

adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to encourage housing for persons of all income levels; to facilitate the adequate provision of transportation, water, water supply, drainage, sewerage, schools, parks, open space and other public requirements; to conserve the value of land and buildings, including the conservation of natural resources and the prevention of blight and pollution of the environment; to encourage the most appropriate use of land throughout the town, including consideration of the recommendations of the plan, if any, adopted by the planning board and the comprehensive plan, if any, of the regional planning agency; and to preserve and increase amenities by the promulgation of regulations to fulfill these objectives under the provisions of General Laws, Chapter 40A.

Regulations adopted pursuant to these purposes may include but are not limited to, restricting, prohibiting, permitting or regulating the use, construction, alteration, height, area and location of buildings and structures and the use of premises in the Town of Walpole.

Section I-3 Definitions

Delete definition of "Street" and revise to read:

Street. All public ways established or maintained under public authority, private ways open for public use and used in common by more than two owners, or shown on a plan approved by the Planning Board (whether or not constructed.)

Section IV - Site Plan Approval in Non-Residential Districts

Add the following:

IV-5 Accessory Uses

Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research or scientific development or related production, may be permitted upon the issuance of a special permit provided the Board of Appeals finds that the proposed accessory use does not substantially derogate from the public good.

The present IV-5 - Authority of Board to be changed to IV-6.

Section VI-Area and Placement Regulations

Delete VI-5 - Exceptions for Existing Lots and have paragraph read as follows:

VI-5. Exemptions for Recorded or Endorsed Lots

Any increase in the area, frontage, width, yard or depth requirements of this By-Law shall not apply to a lot for single and two-family residential use which at the time of recording or endorsement, whichever occurs sooner, was not held in common ownership with any adjoining land, conformed to then existing requirements and had less than the proposed requirement but at least five thousand square feet of area and fifty feet of frontage. The provisions of this paragraph shall not be construed to prohibit a lot being built upon if at the time of the building, building upon such lot is not prohibited by this by-law.

Section VIII-Non-Conforming and Temporary Uses

VIII-2. Change, Alteration or Extension of Non-Conforming Buildings and Uses

Add after VIII-2-3.:

4. No alteration shall be permitted unless the Board of Appeals determines by the grant of a special permit that such alteration is not substantially more detrimental to the neighborhood than the existing non-conforming use except where alteration to a non-conforming single or two-family dwelling does not increase the non-conforming nature of the dwelling.

Section IX - Board of Appeals is amended as follows:

IX-1. Appointment

The Zoning Board of Appeals is and shall be the Zoning Board of Appeals appointed from time to time pursuant to Chapter 40A of the General Laws of the Commonwealth of Massachusetts. Said Board is hereby designated to act as a permit granting authority and shall have all the powers and duties boards of appeals have under Chapter 40a of the General Laws, as amended and in addition, all the powers and duties herein prescribed.

IX-2 - Special Permits

Special Permits may be granted by the Zoning Board of Appeals, as provided in this by-law, only

for uses which are in harmony with the purpose and intent of this by-law and which shall be subject to any general or specific rules prescribed herein and to any appropriate conditions, safeguards and limitations on time and use. Where, in the opinion of said board, the special permit may be granted, it may impose appropriate conditions and safeguards in writing and make them a part of its authorization. Said board may require a bond or other security for compliance with the terms of its authorization. A special permit granted under this authority shall lapse within a two-year period or a shorter period, if so specified, including any time required to pursue or await the determination of an appeal pursuant to G.L. Chapter 40A, Section 17; and if a substantial use thereof has not sooner commenced, except for good cause, or, in case of a permit for construction, if construction has not begun within the period except for good cause.

IX-3-Variances

The Board of Appeals may grant, upon appeal or upon petition, with respect to particular land or structures thereon, a variance (including use variances) from the terms of this by-law where the Board of Appeals finds that, owing to circumstances relating to soil conditions, shape or topography of such parcel or to such structure, and especially affecting generally such land or structure but not effecting generally the zoning district in which it is located, a literal enforcement of the provisions of this by-law would involve substantial hardship, financial or otherwise, to the appellant or petitioner and that desirable relief may be granted without substantial detriment to the public good and without nullifying or derogating from the intent or purpose of this by-law. The Zoning Board of Appeals may impose conditions, safeguards, and limitations, both of time and use, including the continued existence of any particular structures but excluding any condition, safeguard, or limitation based upon the continued ownership of the land or structure to which the variance pertains by the applicant, petitioner, or any owner. If the rights authorized by a variance are not exercised within one year of the date of the authorization, they shall lapse and may be re-established only after a new notice and hearing.

IX-4-Appeals and Procedures

An appeal to the Board of Appeals may be taken by any person aggrieved by reason of his inability to obtain a permit or enforcement action from the Building Inspector, by the Metropolitan Area Planning Council, and by any person, including an officer or board of the town, or of any abutting town, aggrieved by an order or decision of the Building Inspector in violation of any provision of this by-law.

In case of every appeal made to the Zoning Board of Appeals, every petition for a variance, and every application for a special permit to said board under the provisions of this by-law, the board shall hold a public hearing thereon. Notice of the hearing shall be given by publication in a newspaper of general circulation in the town once in each two successive weeks, the first publication to be not less than fourteen (14) days before the day of the hearing, and by posting said notice in the Town Hall for a period of not less than fourteen (14) days before the day of the hearing. Notice shall be sent by mail, postage prepaid, to parties in interest, including the petitioner, abutters, owners of land directly opposite on any public or private street or way, owners of land within three hundred (300) feet of the property line, including owners of land in another municipality, all as they appear on the most recent applicable tax lists, the Planning Board, and the Planning Board of every abutting municipality. The Assessors shall certify to the board the names and addresses of the parties in interest.

In the case of an appeal from a decision of the Building Inspector and of a variance, a petition shall be filed with the Town Clerk, who shall forthwith transmit it to the Zoning Board of Appeals. The board shall hold a public hearing within sixty-five (65) days of the receipt of the petition from the Town Clerk, and shall render a decision within seventy-five (75) days from the date of filing. Failure by the board to take final action upon a petition within the said seventy-five day period shall be deemed to be a grant of the appeal or the variance applied for.

In the case of a special permit, an application shall be filed with the Town Clerk who shall forthwith transmit it to the Zoning Board of Appeals. The board shall hold a public hearing within sixty-five (65) days of the filing date and shall render a decision within ninety (90) days from the date of the public hearing. Failure to take final action upon an application within the said ninety-day period shall be deemed to be a grant of the permit applied for.

Section X-Administration as amended as follows:

X-1-Enforcement/Building Permit

The Building Inspector shall execute the provisions of this by-law, except where otherwise provided, and in so doing shall have the same powers as are provided for the execution of Chapter 40-A

of the General Laws of the Commonwealth of Massachusetts. He shall issue no building permit for the construction of any building or structure which would be in violation of any of the provisions of this by-law. Where a special permit from the Zoning Board of Appeals is required pursuant to the provisions of this by-law or where an appeal or petition involving a variance is pending, the Building Inspector shall issue no building permit until so directed in writing by said Board.

Any application for such permit shall be accompanied by a plan, accurately drawn, showing the actual shape and dimensions of the lot to be built upon, the exact location and size of all buildings or structures already on the lot, the location of new buildings to be constructed, together with the lines within which all building and structures are to be erected, the existing and intended use of each building or structure, and such other information as may be necessary to provide for the execution and enforcement of this by-law.

If the Building Inspector shall be informed or have reason to believe that any provision of this by-law or any permit or decision thereunder has been, is being, or is about to be violated, he shall make or cause to be made an investigation of the facts, including the inspection of the premises where the violations may exist; and if he finds any violations, he shall give immediate notice in writing to the owner or his duly authorized agent and to the occupant of the premises.

If, after such notice, such violation continues, with respect to any building, structure, or use contrary to the provisions of this by-law or a decision of the Zoning Board of Appeals, the Building Inspector shall forthwith revoke any permit issued in connection with the premises and shall take such other action as is necessary to enforce the provisions of this by-law.

Construction or operations under a building or special permit shall conform to any subsequent amendment of this by-law unless the use or construction authorized by the permit is commenced within a period of not more than six (6) months after the issuance of the permit, and in cases involving construction, unless such construction is continued through to completion as continuously and expeditiously as is reasonable.

X-2-Certificate of Occupancy

It shall be unlawful to reduce the open spaces on any lot or to initially occupy or use, in whole or in part, for any purposes whatsoever, or change the use of any building or structure until a certificate of occupancy shall have been issued by the Building Inspector stating that the premises and building comply with all the provisions of the statutes and applicable by-laws of the Town of Walpole. Any use for which a certificate of occupancy has been issued shall not be changed until a new certificate of occupancy is issued covering such use. A certificate of occupancy shall be granted or denied within ten (10) days from the date of receipt of written application.

X-3-Other Regulations

The provisions of this By-Law shall be construed as being additional to and not as annulling, limiting or lessening to any extent whatsoever the requirements of any other by-law, rule or regulation; provided that, unless specifically excepted, where this By-Law is more stringent it shall control.

X-4-Penalty

Any person, firm, or corporation violating any section of this by-law shall be fined not more than one hundred dollars (\$100.00) for each offense as provided in G.L., Chapter 40-A. Each day that such Violation continues shall constitute a separate offense.

X-5-Validity

The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

X-6-Amendments

These by-laws, including the zoning district map which is a part hereof, may be amended at a regular or special town meeting in accordance with Chapter 40-A of the General Laws. An amendment may be initiated by submitting a proposed change to the Board of Selectmen, by the Board of Selectmen, the Zoning Board of Appeals, an individual owning land in the town to be affected by the amendment, registered voters of the town pursuant to G.L., Chapter 39, Section 10, the Planning Board, and the Metropolitan Area Planning Council. Within fourteen (14) days of the proposed change the Board of Selectmen shall submit it to the Planning Board for review, a public hearing, and a report. Any petition for amendment shall be accompanied by the following:

- A. For petitions concerning the text of these regulation, five (5) copies of the existing and proposed text shall be submitted.
- B. For petitions concerning the zoning district map, two (2) copies of a map drawn to a scale of not less than two hundred (200) feet to the inch, covering the area of the proposed change and all area in the town within five hundred (500) feet of the proposed change, and showing for such area the existing and proposed zoning district boundary lines, the existing property lines, and the names of the current property owners as indicated in the Walpole Assessor's records.
- C. For all petitions a fee deposit of fifty (\$50.00), any portion of which that is unused for necessary legal notices, stenographic reports, and other required expenses shall be returned to the petitioner.

X-7-Effective Date

An amendment to this by-law shall take effect on the date on which such amendment was adopted by a favorable two-thirds vote of Town Meeting subject to the publication requirements as provided in G.L., Chapter 40-A, Section 5. Except such amendment shall apply to any change or substantial extension of such use, to a building or special permit issued after the first notice of said public hearing on said amendment.

VOTE: UNANIMOUS

ARTICLE 30—ZONING BY-LAWS CHANGE

VOTED: To Divide Article 30 into three parts.

VOTED: PART ONE

(1) the language contained in Article 31 of this Special Town Meeting as follows:

1. In Section II-3, delete the words "September 30, 1977" and insert in place thereof the words "March 24, 1978".

2. In Section III-8(B)(2) line 4, delete the words "September 30, 1977 and insert in place thereof the words "March 24, 1978".

3. At the end of Section III-8(B)(2), after the words "made a part of the Zoning By-Law" add the following sentence:

The explanatory data contained in the "Flood Insurance Study, Town of Walpole, Massachusetts, Norfolk County", dated September 1977 as prepared by the Federal Insurance Administration of the U.S. Department of Housing and Urban Development shall be used in interpretation of the said map, and for such purpose said Flood Insurance Study is hereby incorporated in this Zoning By-Law.

(2) change the numerical designation of the map by adding the letter (A) to the numerical designation.

VOTED: UNANIMOUS

VOTED: PART TWO

That the Town make certain changes to present Section III-8 of the Walpole Zoning By-Laws containing the provisions governing "Flood Plain District" as follows:

Section III-8(C)(2) be amended by adding new subsection 1 as follows:

1. Construction of new buildings, structures and related improvements to be used for industrial and manufacturing purposes.

VOTED: YES - 73 NO - 11

VOTED: PART THREE

That Part Three of Article 30 be voted as shown in the warrant:

Section III-8(C)(3)(d) is hereby deleted in its entirety and in lieu thereof is inserted the following new paragraph:

d. No storage of salt, petroleum or any other chemical product shall be allowed, except for normal operating quantities kept in a manufacturing or industrial facility for use in the manufacturing or industrial process carried on in such facility.

VOTE: UNANIMOUS

VOTED: That this Special Town Meeting be adjourned to June 22, 1978 at 7:30 P.M. in the West Junior High School. The Moderator so declared at 11:15 P.M.

ADJOURNED SPECIAL TOWN MEETING

June 22, 1978

Norfolk, ss.

Pursuant to the foregoing adjournment of June 21, 1978, the Special Town Meeting was held in the West Junior High School Auditorium on THURSDAY, THE TWENTY-SECOND DAY OF JUNE 1978. The Meeting was called to order at 7:55 P.M. by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly recited the Pledge of Allegiance.

The following Tellers were appointed: Eleanor Johnson and Guy Giampapa.

ARTICLE 31—ZONING BY-LAWS CHANGE

VOTED: That the Town take **NO ACTION**.

ARTICLE 16—BOYDEN SCHOOL TRAFFIC ZONE

VOTED: That the Town raise and appropriate from taxation the sum of \$4,400 to establish a school traffic zone at the Boyden School in accordance with Chapter 616 of the Acts of 1967.

ARTICLE 17—PURCHASE OF LAND

VOTED: **NO ACTION**

ARTICLE 18—WATER MAINS

VOTED: That Seventy Thousand Dollars (\$70,000) be appropriated for laying and relaying water mains of 12 inches in diameter for High Street to Homeward Lane, and that to raise this appropriation the treasurer with the approval of the Board of Selectmen is authorized to borrow \$70,000 under G.L. c. 44 s. 8(5) as amended.

VOTE: YES - 60 NO - 24

ARTICLE 19—WATER EASEMENT

VOTED: That the town appropriate the sum of One Dollar (\$1.00) to take by eminent domain for water purposes, portions of Assessors parcels A-1525, B-328, B-329 and A-160A containing 145,600 s.f. more or less, as shown on a plan entitled "Water Easement, High Street to Homeward Lane, Town of Walpole, Mass." dated May 1978 by Peter Boghossian, Town Engineer.

VOTE: **UNANIMOUS**

ARTICLE 20—SURFACE DRAINS

VOTED: That the Town raise and appropriate by borrowing the sum of \$7,260 for the construction of approximately 240 linear feet of surface drains on Federal Street, and that to raise this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$7,260 under G.L. c. 44, S. 7(1) as amended.

VOTE: **UNANIMOUS**

ARTICLE 21—SURFACE DRAINS

VOTED: That the Town take **NO ACTION**

ARTICLE 22—STORM DRAINAGE EASEMENT

VOTED: That the Town take **NO ACTION**.

ARTICLE 23—WATER SYSTEM IMPROVEMENT

VOTED: That the Town raise and appropriate by transfer from Water Available Surplus the sum of \$15,000 in conjunction with Article 37 of the Annual Town Meeting of 1977 for the purpose of retaining a consulting engineering firm to prepare a report relative to additions and improvements to the water system.

ARTICLE 24—ROAD CONSTRUCTION

On 2/3 Vote Required,

VOTED: That \$22,200 be appropriated for the original construction of public ways and for macadam pavement and other road materials in connection with road construction on High Street from Coach

Road to the Medfield Town Line; that to raise this appropriation, the treasurer with the approval of the Board of Selectmen is authorized to borrow \$22,200 under G.L. c.44, ss. 7(5) and (6) as amended; that \$17,000 be appropriated for the construction of surface drains on High Street from Coach Road to the Medfield Town Line; that to raise this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow \$17,000 under G.L. c.44, s.7(1) as amended; that \$3,000 be appropriated for laying and relaying of water mains of not less than six inches in diameter on High Street from Coach Road to the Medfield town line; that to raise this appropriation the treasurer with the approval of the Board of Selectmen is authorized to borrow \$3,000 under G.L. c.44, s. 8(5) as amended; and that all of the above appropriations shall be used in conjunction with \$90,000 appropriated under Article 14 of the warrant for the August 22, 1977 Special Town Meeting.

VOTE: YES - 58 NO - 21

ARTICLE 25—SOLID WASTE DISPOSAL

VOTED: That the Town raise and appropriate from taxation the sum of \$31,000 for the collection and disposal of solid waste.

ARTICLE 26—SANITARY LANDFILL IMPROVEMENT

VOTED: That the Town raise and appropriate from taxation the sum of \$125,000 for improvements to the sanitary landfill and to retain a consulting engineer in conjunction therewith.

ARTICLE 27—PUBLIC WORKS GRANT

VOTED: That the Town take **NO ACTION**.

ARTICLE 28—"SUDBURY DECISION"

VOTED: That the Town take **NO ACTION**.

ARTICLE 29—SCENIC ROAD

That the Town designate the following portion of Pine Street a Scenic Road, beginning at a point on Pine Street at the extension of the southerly Limited Manufacturing District zoning boundary line, which is approximately 605 feet more or less easterly of the easterly line of the Boston-Providence Turnpike to the Sharon Town Line, a distance of approximately 1160 feet in accordance with Section 15C of Chapter 40 of the General Laws.

ARTICLE 33—INTEREST COSTS

VOTED: That the Town raise and appropriate from taxation the sum of \$3,300 to pay interest costs on borrowing authorized by this Special Town Meeting.

ARTICLE 34—"FREE CASH" TRANSFER

VOTED: That the Town transfer from "Free Cash" the amount of \$307,931.00 for the purpose of reducing the amount to be raised by taxation by the Assessors for the current fiscal year 1979.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 10:10 P.M.

STATE PRIMARY

September 19, 1978

Norfolk, ss.

Pursuant to the foregoing warrant, at a legal meeting the inhabitants of Precinct 1, qualified to vote in State Primaries, met in St. Mary's Hall, the inhabitants of Precinct 2, qualified to vote in State Primaries, met in the Old Post Road School, the inhabitants of Precinct 3, qualified to vote in State Primaries, met in Blackburn Memorial Building, the inhabitants in Precinct 4, qualified to vote in State Primaries, met in the Boyden School, the inhabitants of Precinct 5, qualified to vote in State Primaries, met in the Blackburn Memorial Building, the inhabitants of Precinct 6, qualified to vote in State Primaries, met in the New Fisher School and the inhabitants of Precinct 7, qualified to

vote in State Primaries, met in the New Fisher School to bring in their votes for the purpose called for in the warrant.

American Ballots Cast

One Blank ballot was cast for the American Party.

ANNUAL TOWN MEETING — FALL SESSION October 16, 1978

Norfolk, ss.

Pursuant to the foregoing warrant the Fall Session of the Annual Town Meeting was held in the West Junior High School on MONDAY, OCTOBER 16, 1978. The meeting was called to order by Moderator Robert B. Boyd, Jr. at 7:40 P.M.

The Assembly recited the Pledge of Allegiance.

Town Clerk, Louis E. Hoegler, attested to Proper Return of the Warrant.

VOTED: That at the conclusion of this evening's session the meeting be adjourned to Wednesday, October 18, 1978 at 7:30 P.M.

The following Tellers were appointed: Eleanor Johnson and Roy Fisher.

ARTICLE 1—SALARY FUNDING

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of Seventy Five Thousand Dollars (\$75,000) to cover the cost of funding the Agreement between the Town of Walpole and the Walpole Permanent Firefighters Association for the period from July 1, 1976 through June 30, 1979.

ARTICLE 2—CAPITAL BUDGET COMMITTEE

VOTED: Be It Resolved that the Moderator shall appoint one member of the Finance Committee to the Capital Budget Committee rather than three members as presently constituted and increase the Members At Large by two. This Resolution shall become effective within thirty days of this town meeting.

ARTICLE 3—STREET ACCEPTANCE

VOTED: That the Town accept Blueberry Lane from station 0 + 0 at South Street to the terminus at station 6 + 62.58. Said Blueberry Lane being described as follows:

This layout begins at a point on the easterly line of South Street, said point being S56-02-00W a distance of 130.06 feet from a stone bound on said easterly line of South Street; thence running southwesterly, southerly, and southeasterly by a curve of radius equal to 20.00 feet a distance of 36.36 feet; thence running S48-07-10E a distance of 556.00 feet; thence running southeasterly, easterly

and northeasterly by a curve of radius equal to 20.00 feet a distance of 28.76 feet; thence turning and running northeasterly, easterly, southeasterly, southerly, southwesterly, westerly and northwesterly by a curve of radius equal to 45.00 feet a distance of 187.72 feet; thence running northwesterly by a curve of radius equal to 196.00 feet a distance of 80.00 feet; thence running N-48-07-10W a distance of 570.00 feet; thence running northwesterly, westerly and southwesterly by a curve of radius equal to 20.00 feet a distance of 32.63 feet to a point on the easterly line of South Street, said point being the terminus of this layout and said point being S38-23-30W a distance of 42.08 feet and S56-02-00W a distance of 51.67 feet from the point of beginning of this layout, thereby making a way of uniform width of 46.00 feet, except where the lines of said way are connected to South Street and at the cul-de-sac, the width of these points is thereby increased.

To be taken for the above purpose are the parcels as shown on a plan entitled "Town of Walpole Mass., Blueberry Lane - Briarwood, Lane, Street Acceptance Plan," September 22, 1978 by Peter Boghossian, Town Engineer, to be recorded herewith.

VOTE: **UNANIMOUS**

ARTICLE 4—STREET ACCEPTANCE

VOTED: That the Town accept Briarwood Lane from station 0 + 0 at South Street to the terminus at station 6 + 97.69. Said Briarwood Lane being described as follows:

This layout begins at a point on the easterly line of South Street, said point being N38-23-30E a distance of 227.36 feet from a stone bound on said easterly line of South Street; thence from the point of beginning running northeasterly, easterly, and southeasterly by a curve of radius equal to 20.00 feet a distance of 38.05 feet; thence running S32-36-30E a distance of 175.00 feet; thence running southeasterly by a curve of radius equal to 196.00 feet a distance of 83.72 feet; thence running S57-04-50E distances of 93.44 feet, 89.62 feet, and 229.78 feet, respectively, the middle course being by Old Farm Road; thence turning and running southeasterly, easterly, northeasterly, northerly, northwesterly, westerly, and southwesterly by a curve of radius equal to 45.00 feet a distance of 197.75 feet; thence running southwesterly, westerly and northwesterly by a curve of radius equal to 20.00 feet a distance of 24.84 feet; thence running N57-04-50W a distance of 351.33 feet; thence running northwesterly by a curve of radius equal to 150.00 feet a distance of 64.07 feet; thence running N32-36-30W a distance of 204.61 feet; thence turning and running northwesterly, northerly, and northeasterly by a curve of radius equal to 20.00 feet a distance of 24.78 feet to a point on the easterly line of South Street, said point being the terminus of this layout and said point being N38-23-30E a distance of 90.96 feet from the point of beginning of this layout, thereby making a way of uniform width of 46.00 feet, except where the lines of said way are connected to South Street and at the cul-de-sac, the width at these points is hereby increased.

To be taken for the above purpose are the parcels as shown on a plan entitled "Town of Walpole Mass., Blueberry Lane-Briarwood Lane, Street Acceptance Plan," September 22, 1978 by Peter Boghossian, Town Engineer, to be recorded herewith.

VOTE: **UNANIMOUS**

ARTICLE 5—STREET ACCEPTANCE

VOTED: That the Town accept Old Farm Road from station 0 + 0 at Pine Street to station 9 + 94 ± at Briarwood Lane. Said Old Farm Road being described as follows:

The northerly line of this layout begins at a point on the easterly line of Pine Street, said point being S36-05-00E a distance of 655.00 feet from the point of curvature bound at the entering radius to South Street; thence from the point of beginning running southeasterly, easterly and northeasterly along a curve of radius equal to 20.00 feet a distance of 31.42 feet; thence running N53-55-00E a distance of 80.00 feet; thence running northeasterly along a curve of radius equal to 200.00 feet a distance of 171.04 feet; thence running N04-55-00E a distance of 110.79 feet; thence running northeasterly along a curve of radius equal to 300.00 feet a distance of 232.20 feet; thence running N49-15-48E a distance of 343.87 feet; thence running northeasterly, northerly and northwesterly along a curve of radius equal to 20.00 feet a distance of 37.12 feet to a point on the southerly line of Briarwood Lane, said point being the terminus of this line of the layout.

The southerly line of this layout begins at a point on the easterly line of Pine Street, said point being S36-05-00E a distance of 86.00 feet from the point of beginning of the above described northerly line of this layout; thence from the point of beginning running northwesterly, northerly and northeasterly along a curve of radius equal to 20.00 feet a distance of 31.42 feet; thence running N53-55-00E a distance of 80.00 feet; thence running northeasterly along a curve of radius equal to 246.00 feet a distance of 210.38 feet; thence

running N04-55-00E a distance of 110.79 feet; thence running northeasterly along a curve of radius equal to 254.00 feet a distance of 196.60 feet; thence running N49-15-48'e a distance of 369.09 feet; thence running northeasterly, easterly and southeasterly along a curve of radius equal to 20.00 feet a distance of 25.71 feet to a point on the southerly line of Briarwood Lane, said point being the terminus of this line of the layout, and being S57-04-50E a distance of 89.62 feet from the terminus of the northerly line of this layout.

To be taken for the above purposes are the parcels as shown on a plan entitled "Town of Walpole, Mass., Old Farm Road Street Acceptance Plan," dated September 22, 1978 by Peter Boghossian, Town Engineer, to be recorded herewith.

VOTE: **UNANIMOUS**

ARTICLE 6 — LAND PURCHASE

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of Ten Thousand Dollars (\$10,000) to purchase a parcel of land off Stone Street shown as D-1161-1 on the Walpole Assessors plans containing 2.5 acres more or less for the use of the Walpole Housing Authority.

VOTE: YES — 70 NO — 31

ARTICLE 7 — SIDEWALK CONSTRUCTION

VOTED: That the Town appropriate by transfer from Free Cash the sum of Thirty Seven Thousand Dollars (\$37,000) to construct a sidewalk and appurtenances on the westerly side of Washing Street from Georgia Drive to Neponset Street.

ARTICLE 8 — SWIMMING POOL REPAIR

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of Twelve Thousand Dollars (\$12,000) to replace the filter system at the South Walpole Municipal Swimming Pool.

ARTICLE 9 — PESTICIDE STUDY COMMITTEE

VOTED: That the Town take NO ACTION.

ARTICLE 10 — GYPSY MOTH APPROPRIATION

VOTED: That the Town take NO ACTION.

ARTICLE 11 — DEPUTY ANIMAL CONTROL OFFICER

VOTED: That the Town take NO ACTION.

ARTICLE 12 — ZONING BY-LAWS AMENDMENT

VOTED: That Article 12 be Tabled and taken up as the first order of business on Wednesday, October 18, 1979.

ARTICLE 13 — TOWN BY-LAWS AMENDMENT

VOTED: That the Town amend Article XIII of the Town By-Laws by deleting paragraph B of Section 17 and adding the following:

- B. It shall be unlawful for anyone to solicit contributions upon the public ways or from house to house in the town unless duly licensed to do so by first having obtained a written permit from the Board of Selectmen.
- C. The provisions of this by-law shall not apply to officers or employees of the Town, County, State or Federal government; hawkers and peddlers registered by the State and the Town under appropriate laws and regulations; candidates for public office or political parties recognized by the Commonwealth; religious organizations; and non-profit, charitable organizations upon registration by the President or Treasurer with the Chief of Police. Such registrations must be renewed yearly. Individuals or organizations under this section may only solicit between the hours of 9 AM and 5 PM.

VOTE: **MAJORITY**

ARTICLE 16 — MUNICIPAL SPACE STUDY

VOTED: To take Article 16 out of order.

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of Ten Thousand Dollars (\$10,000) to retain a consultant to conduct a study of municipal space needs.

VOTE: YES — 50 NO — 43.

VOTED: That this meeting be adjourned to Wednesday, October 18, 1978 at 7:30 P.M. The Moderator so declared at 11:05 P.M.

ADJOURNED ANNUAL TOWN MEETING — FALL SESSION
October 18, 1978

Norfolk, ss.

Pursuant to the foregoing adjournment of October 16, 1978, the Adjourned Annual Town Meeting - Fall Session, was called to order at 7:45 P.M. by Moderator Roberty B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly recited the Pledge of Allegiance.

The following Tellers were appointed: Robert Stewart and Lee Salonen.

ARTICLE 2

On Resolution offered by Thomas McCormack,

It was Moved and Seconded:

Be It Resolved That: The Board of Selectmen, the Financial Managers of the Town of Walpole and the School Committee take such measures as may be necessary to reduce expenditures funded by property tax by 5% in FY 1980. This includes issuance of 5% reduction guidance relating to budget calls and budget related articles for FY 1980.

It was Moved and Seconded:

To have Roll Call on Resolution.

Motion was: **DEFEATED**

Resolution was then:

DEFEATED

ARTICLE 12 — ZONING BY-LAWS AMENDMENT

VOTED: To divide Article 12 into 6 parts.

PART 1

VOTED: That the words "including additions or enlargements" be added after "three family homes" in Section IV-1.

PART 1

VOTED: That the Town amend the Zoning By-Laws by changing the title of Section IV, Site Plan approval in Non-Residential Districts, to Section IV, Site Plan Review, and to amend the following sub-sections as proposed below:

IV-1 Requirement for Site Plan - to be deleted and replaced with the following paragraph:

IV-1 Requirements for Site Plan

In all districts no building shall be constructed or externally enlarged and no use shall be expanded in ground area or established in an existing building except in conformity with a site plan bearing an endorsement of approval by the Zoning Board of Appeals. This provision shall not apply to single family, two family, or three family homes, including additions or enlargements, which are permitted in the district in which the property is located as a matter of right. Said plan shall show, among other things, all existing and proposed buildings; structures; parking spaces; driveway openings; driveways; service areas; and other open uses; all facilities for sewage, refuse, and other waste disposal and for surface water drainage; all landscape features (such as fences, walls, planting areas, and walks); and all existing natural features, including ponds, brooks, and wetlands on the lot.

IV-3 Procedure for Approval - to be revised to read as follows:

IV-3 Procedure for Approval

Any person desiring approval of a site plan under this section shall submit four copies of said plan with application for approval thereof directly to the Zoning Board of Appeals. The Board shall, within ten (10) days after receipt thereof, transmit one copy of such plan to the Planning Board, one copy to the Conservation Commission, and one copy to the Engineering Department. Said agencies shall, in their discretion, investigate

the case and report in writing their recommendations to the Zoning Board of Appeals.

The Zoning Board of Appeals shall not take final action on such plan until it has received reports thereon from said agencies or until said agencies have allowed thirty-five (35) days to elapse after receipt of such plan without submission of a report thereon.

In exercising its jurisdiction under this section, the Board of Appeals shall conform to all requirements of procedure applicable to a board of appeals when deciding requests for special permits under General Laws Chapter 40A, as amended, (including the requirements thereof for public notice and hearing).

VOTE: YES — 64 NO — 8 ABSTAIN — 9

PART 2

VOTED: That the Town amend the Zoning By-Laws, Section IV (A) Parking Regulations, as follows:

Change the numbers 1 through 8 to letters a through h under Section IV (A)-1; and the following:

IV(A)-1. Required Spaces - Delete the words "seating capacity" in the second line, to be replaced by the word "needs": to add the following after the word "amounts" in the last line:

"unless the Zoning Board of Appeals specifically finds that the requirements of the uses will be served by a lesser number of trees as required in sub-section "f".

AV(A)-1. a. Change "one and one-half parking spaces" to "two parking spaces".

IV(A)-1. c. To delete the words "and other" after "bus depots" in the second line to read "bus depots, passenger stations, but excluding -----".

IV(A)-1. d. Delete the words "and, if located in a Business District, shops of building trades, storage or distribution plants."

IV(A)-1. e. Delete the words "if located in a Limited Manufacturing or Industrial District"; change "400 square feet" of gross floor area on all floors to "600 square feet" of gross area -----.

The following paragraph to be added as:

IV(A)-1. f. Provisions shall be made for at least one shade tree for each fifteen (15) parking spaces in a parking lot of one hundred (100) or more and planted in a landscape area, with a minimum of one hundred (100) square feet per tree with a minimum width of eight (8) feet. Planting shall be done in accordance with proper landscaping practices. Trees which die or become diseased shall be replaced. Minimum trunk size shall be between two to four inches.

The following paragraph to be added as:

IV(A) - 1. g. Before an occupancy permit is issued by the Building Inspector, each required parking space shall be clearly indicated on the lot to comply with the approved site plan.

IV(A) - 3 Sharing of Spaces - change title to "Municipal Use Of Off Street Parking; delete words "a special exception in the second line and replace with words "such use".

IV(A) - 4 Exceptions - delete the words "in the following cases" 1. and 2. to read after the word "provided" for any retail business or service use within the area of Walpole Center bounded as follows:"

IV(A) - 5 Location of Spaces - change the word "herewith" to "therewith" in the 3rd line; change "300 feet" in the sixth line to "500 feet"; delete the words "except that with parking spaces for employees only, the distance may be increased to five hundred (500) feet".

IV(A) - 6 Size and Dimensions - add after "(as in a garage)" the following: "except that a space of one hundred twenty-five (125) square feet may be considered for a compact car wherever appropriately marked and owner controlled".

IV(A) - 7 Special Requirements in Residential Areas - change "30 feet" from all street and lot lines in the 4th line to "20 Feet".

VOTE: YES — 68 NO — 6 ABSTAIN — 2

PART 3

VOTED: That the Town amend the Zoning By-Laws, Section V, Sign Regulations by deleting Section V-1, Signs in Residential Districts, and V-2, Signs in Non-Residential Districts, and replace them with the following:

V-1 DEFINITIONS

ACCESSORY SIGN — Any sign that advertises, identifies the person occupying the premises on which the sign is erected or maintained or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent but contains no other matter.

NON-ACCESSORY SIGN — Any sign not an accessory sign.

OUTDOOR ADVERTISING BOARD — The Outdoor Advertising Board of the Commonwealth of Massachusetts or any board of official which may hereafter succeed to its powers or functions.

PERSON — An individual, corporation, society, association, partnership, trust or other entity, public or private.

SIGN — Any privately owned permanent or temporary device, billboard, placard, painting, drawing, poster, letter, word, banner, pennant, insignia, trade flag, or representation used as, or which is in the nature of, an advertisement, announcement, or direction which is on a public way or on private property within public view of a public way, public park or reservation.

STANDING SIGN — Any accessory sign that is not attached to a building.

SIGN, AREA OF — (a) The area of a sign shall be considered to include all lettering, wording, and accompanying designs and symbols, together with the background on which they are displayed, any frame around the sign, and any "cutouts" or extensions, but shall not include any supporting structure or bracing.

(b) The area of a sign consisting of individual letters or symbols attached to or painted on a surface, building, wall or window shall be considered to be that of the smallest quadrangle or triangle which encompasses all of the letters and symbols.

(c) The area of a sign consisting of a three-dimensional object shall be considered to be the area of the largest vertical cross-section of that object.

(d) In computing the area of signs, including its supporting structure, intended to be maintained for a continuous period of not more than sixty (60) days.

V-2 GENERAL REQUIREMENTS

(1) — **Movement** - No sign shall contain any moving, flashing, or animated lights or visible moving or moveable parts, except such portions of a sign as consist solely of indicators of time and/or temperature except for excavating signs.

(2) — **Illumination** - No sign shall be illuminated between the hours of 10:00 PM and 6:00 AM unless, in the case of accessory sign, the premises on which it is located are open for business. Signs may be illuminated only by the following means:

(a) By a white, steady, stationary light of reasonable intensity shielded and directed solely at the sign;

(b) By interior, non-exposed lights of reasonable intensity.

(3) — **Color** - No sign shall contain colored lights if such colors would constitute a driving hazard.

V-3 WINDOW SIGNS

Signs painted or placed on the inside of the glass of a window shall be permitted.

V-4 TEMPORARY SIGNS

Temporary signs which comply with this by-law shall be permitted. Before a temporary sign (other than a temporary sign placed in a window) shall be erected, there shall be deposited with the Building Inspector the sum of ten dollars (\$10.00) in cash for each sign. The deposit shall be refunded only upon the removal of the sign by the owner or his agent. Temporary signs which do not comply with this by-law may be authorized by the Building Inspector for public or charitable purposes.

V-5 ACCESSORY SIGNS IN RESIDENCE DISTRICTS

In an area in a residence district the following accessory signs are permitted:

(1) One sign displaying the street number and/or name of the occupant of the premises not exceeding four (4) square feet in area. Such sign may include identification of an accessory professional office or other accessory use permitted in a residence district.

(2) Signs pertaining to the lease, sale, or use of a lot or building provided that such signs do not exceed a total area of ten (10) square feet.

(3) One bulletin or announcement board, identification sign, or entrance marker for each public entrance to the premises upon which a church, synagogue, or other institution is located, not exceeding ten (10) square feet in area, provided that there shall be no more than three such signs for each church, synagogue, or other institution.

V-6 ACCESSORY SIGNS IN NON-RESIDENCE DISTRICTS

In an area in a non-residence district, signs permitted under V-5 and the following accessory signs are permitted:

(1) One sign on each exterior wall of an establishment, if such wall faces a public way or contains a public entrance. Any such sign must be either flat against the wall or perpendicular to it. If attached flat against the wall, the sign shall not extend beyond the building lines, and the area of the sign may not exceed the lesser of:

- (a) ten percent (10%) of the wall area of such establishment
- (b) thirty (30) square feet or, if perpendicular to the building, the sign shall not project more than four (4) feet from the building nor exceed five (5) square feet in area. Such sign shall pertain only to name, slogan, motto trademark, or nature of business in generic terms. Roof signs and V-shaped signs are not permitted.

(2) One directory sign of the establishments occupying a building at each public entrance to the building. Such directory shall not exceed an area determined on the basis of one (1) square foot for each establishment occupying the building.

(3) The Building Inspector may permit the erection of a standing sign for a term not to exceed three (3) years if the Building Inspector finds that the sign complies with Section V-2 and with the purposes of this by-law. If such permission is granted, the Building Inspector shall impose such terms and conditions as he shall deem necessary to promote the purposes of this by-law; provided, however, that no such sign shall exceed forty (40) square feet in area or shall be located within one hundred (100) square feet in area or shall be located within one hundred (100) feet of existing dwelling or property boundary line or within ten (10) feet of the paved portion of the street which provides access for the property on which the sign is to be located. Each such permit may be renewable if the Building Inspector so determines.

V-7 NON-CONFORMING ACCESSORY SIGNS

Accessory signs legally erected before the adoption of this by-law which do not conform to the provisions of this by-law may continue to be maintained without a permit, provided, however, that no such sign shall be permitted if, after the adoption of this by-law, it is enlarged, reworded, redesigned, or altered in any substantial way, except to conform to the requirements of this by-law; and provided, further, that any such sign which has deteriorated to such an extent that the cost of restoration would exceed thirty five (35) percent of the replacement cost of the sign at the time of the restoration shall not be repaired or rebuilt or altered except to conform to the requirements of this by-law. Any exemption provided in this section shall terminate with respect to any sign which:

- (1) Shall have been abandoned;
- (2) Advertises or calls attention to any products, businesses, or activities which are no longer sold or carried on, whether generally or at the particular premises; or
- (3) Shall not have been repaired or properly maintained within thirty (30) days after notice to that effect has been given by the Building Inspector.

V-8 NON-ACCESSORY SIGNS

A. The erection or maintenance of non-accessory signs is not permitted, except as provided in sub-section "B" of this section.

- B. Non-accessory signs not exceeding twelve (12) square feet in area may be built provided that the
 - 1. sole purpose of the sign is to inform the public of the location of a premise, the location of which could not be readily determined by the general public; and
 - 2. the signs are located and designed so as not to pose a hazard to traffic and so as to conform with the aesthetic nature of the general locus of the proposed sign.

V-9 PROHIBITED SIGNS

No sign shall be attached to a radio, television, or water tower, or any other type of tower or smoke stack. No mobile or moveable sign on wheels or other devices, including "A-frame" or "Sandwich" signs, which permit relocation from one spot to another shall be permitted, except for temporary warning signs for the safety of the public. All signs not otherwise permitted by this section are hereby prohibited.

V-10 ADMINISTRATION AND ENFORCEMENT

The Building Inspector is authorized to order the repair or removal of any sign and its supporting structure which in his judgement is dangerous or in disrepair or which is erected or maintained contrary to this by-law. Whenever a Building Inspector is appointed, the Board of Selectmen shall send his name and address to the Outdoor Advertising Board. Except as provided in Section V-8 and V-6(3), no sign shall be erected, altered, or enlarged until a permit has been issued by the Building Inspector. Such permit shall be issued only if the sign complies or will comply with all applicable provisions of this by-law.

VOTE: UNANIMOUS

PART 4

VOTED: That the Town amend the Zoning By-Laws, Section VIII, Non-Conforming and Temporary Use,

under sub-section VIII-5, Existing Operation for the Extraction or Processing of Earth Products, by deleting the following:

(C) the average amount of material removed from the premises and/or brought in for processing shall not be increased over such daily average for the twelve (12) consecutive months preceding said effective date (or for the actual period of operation if less than twelve (12) months).

VOTE: **UNANIMOUS**

PART 5

VOTED: That the Town amend the Zoning By-Laws, Section IX, Board of Appeals, by adding the following paragraph:

IX-5 ZONING BOARD OF APPEALS DECISIONS

No appeal, application, or petition which has been unfavorable and finally acted upon by the Zoning Board of Appeals shall be acted favorable upon within two (2) years after the date of final unfavorable action, unless:

- (1) all but one of the members of the Planning Board consent to a re-petition after notice is given to parties in interest of the time and place of the proceedings to consider consent; and
- (2) The Board of Appeals finds changes in the conditions upon which the previous unfavorable action was based, describes said changes in its record, and similarly consents.

VOTE: **UNANIMOUS**

PART 6

VOTED: That the Town amend the Zoning By-Laws, Section X, Administration, by adding the following paragraph:

X-6-D No proposed change in this by-law which has been unfavorably acted upon the Town Meeting shall be considered by the Town Meeting within two (2) years after the date of such unfavorable action, unless adoption of the proposed change is recommended in the final report of the Planning Board to Town Meeting.

VOTE: **UNANIMOUS**

ARTICLE 14 — LAND PURCHASE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 15 — REFURBISH ARTICLE 14 BUILDING

VOTED: That the Town take NO ACTION on this article.

ARTICLE 17 — EAST STREET BRIDGE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 18 — UTILITY EASEMENT

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of One Dollar (\$1.00) to take by eminent domain a parcel of land for storm drainage purposes containing 11,200 s.f. more or less as shown on a plan entitled "Town of Walpole, Mass., Utility Easement Congress Street and Fairmount Avenue", dated April 4, 1978 by Peter Boghossian, Town Engineer; said parcel being described as follows:

This description begins at a point on the northerly line of Congress Street, said point of intersection of said northerly line of Congress Street and the easterly line of Main Street; thence from the point of beginning running S-31-17-30E a distance of 200.00 feet along the northerly line of Congress Street to the westerly line of Fairmount Avenue; thence continuing S-31-17-30E a distance of 40.00 feet to a point on the easterly line of Fairmount Avenue; thence turning and running S-58-42-30W a distance of 80.00 feet along the easterly line of Fairmount Avenue; thence turning and running N-31-17-30W a distance of 40.00 feet to a point on the westerly line of Fairmount Avenue; thence turning and running N-58-42-30E a distance of 40.00 feet to a point at the intersection of said westerly line of Fairmount Avenue and the southerly line of Congress Street; thence turning and running N-31-17-30W a distance of 200.00 feet along the southerly line of Congress Street; thence turning and running N-58-42-30E a distance of 40.00 feet to the point of beginning of this description.

The above described utility easement containing 11,200 square feet more or less is shown on a plan entitled "Town of Walpole, Mass., Utility Easement Congress Street and Fairmount Avenue", dated April 4, 1978 by Peter Boghossian, Town Engineer.

VOTE: **UNANIMOUS**

ARTICLE 19 — SEWER SYSTEM REPAIRS

VOTED: That the Town appropriate by transfer from the Sewer Assessment Fund the sum of Five Thousand Dollars (\$5,000) to make repairs to the sanitary sewer system for the purposes of eliminating effluent and/or extraneous flows.

ARTICLE 20 — COUNSEL FOR SEWER AND WATER COMMISSIONERS

VOTED: That the Town take NO ACTION on this article.

ARTICLE 21 — SOLID WASTE DISPOSAL

VOTED: That the Town appropriate the sum of One Hundred Seventy Three Thousand Dollars (\$173,000) by transfer of:

\$7,400 from Budget Item 39A; \$22,600 from Budget Item 32B of the Spring Session of the 1978 Annual Town Meeting; \$66,675 from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting; and \$76,325 from Free Cash, for the collection and disposal of solid waste in Fiscal Year 1979.

ARTICLE 22 — SALARY FUNDING

VOTED: That the Town take NO ACTION on this article.

ARTICLE 23 — PAYMENT OF UNPAID BILL

VOTED: That the Town appropriate by transfer from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting the sum of Six Hundred and Eight Dollars (\$608) to pay an unpaid bill for Fiscal Year 1978 to the Rene Press, Inc.

VOTE: **UNANIMOUS**

ARTICLE 24 — TOWN BY-LAWS AMENDMENT

VOTED: That the Town amend the By-Laws of the Town of Walpole at Article VI, Sections 2 and 3 so as to change the word June to July in each of said sections.

VOTE: **MAJORITY**

ARTICLE 25 — STREET REPAIR

VOTED: That Thirty Three Thousand Eight Hundred Dollars (\$33,800) be appropriated for macadam pavement or other road material to repair North Street from Fisher Street to Old North Street; and that to raise this appropriation the Treasurer, with the approval of the Selectmen, be authorized to borrow Thirty Three Thousand Eight Hundred Dollars (\$33,800) under Section 7 (6) of Chapter 44 of the General laws as amended.

VOTE: **UNANIMOUS**

ARTICLE 26 — TOWN BY-LAWS AMENDMENT

VOTED: That the Town amend the Town By-Laws making Article XXI read Article XXII; Article XXII read Article XXIII; Article XXIII read Article XXIV; and adding the following new Article XXI:

REPAIR OF PRIVATE WAYS

Section 1. Upon petition of fifty one percent of the abutters to a private way, the Board of Selectmen, by a majority vote, may declare that repairs to a private way are required by public necessity and convenience.

Section 2. Repairs may be made on private ways which have been opened to the public for six years or more. Such repairs may include the installation and construction of drainage and filling of holes in the sub-surface of such ways and repairs to the surface material thereof. Materials for such repairs shall, where practical, be the same as, or similar to, those used for the existing surfaces of such ways with bituminous materials, including, but not limited to, bituminous concrete.

Section 3. The Board of Selectmen is hereby authorized to assess betterments upon the owners of estates which derive particular benefit or advantage from the making of such repairs on any such private way. Such assessment shall be a sum equal, in the aggregate, to the total cost of such repairs and, in the case of each such estate, in proportion to the frontage thereof on such way. Except as otherwise provided, the provisions of Chapter 80 of the General Laws relating to public improvements and assessments therefor shall apply to repairs to private ways ordered to be made under this By-Law.

Section 4. The Town shall not be liable on account of any damages caused by such repairs made under this By-Law.

VOTE: **MAJORITY**

ARTICLE 27 — REPAIRS TO PRIVATE WAYS

VOTED: That the Town appropriate the sum of Ten Thousand Dollars (\$10,000) by transfer; \$3,300 from Article 49 of the 1976 Annual Town Meeting; and \$6,700 from Budget Item 48 of Article 30 of the Spring Session of the 1978 Annual Town Meeting, to made repairs to private ways in accordance with the Town By-Laws.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS FALL SESSION OF THE ANNUAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 11:00 P.M.

STATE ELECTION

NOVEMBER 7, 1978

Norfolk, ss.

Pursuant to the foregoing warrant, the inhabitants of Precinct 1 qualified to vote in elections met in St. Mary's Hall on TUESDAY, THE SEVENTH DAY OF NOVEMBER 1978 and the inhabitants of Precinct 2; qualified to vote in elections met in the Old Post Road School; the inhabitants of Precinct 3 qualified to vote in elections met in the Blackburn Memorial Building; the inhabitants of Precinct 4, qualified to vote in elections met in the Boyden School; the inhabitants of Precinct 5, qualified to vote in elections, met in the Blackburn Memorial Building; the inhabitants of Precinct 6, qualified to vote in elections met in the New Fisher School and the inhabitants of Precinct 7, qualified to vote in elections met in the New Fisher School at 7:00 o'clock in the forenoon to bring in their votes for the purposes mentioned in said warrant.
